Re: Justification for Village 27 Street Name Change

Dear Mr. Lowenstein:

On behalf of the Howard Hughes Corporation (HHC), I am requesting approval of a Street Name Change Application for a private roadway in Village 27. The private roadway name was originally recorded as "Amaya Canyon Drive" however, HHC wishes to change the name of this roadway to "Astra Canyon Drive." The proposed name has been approved and reserved by City of Las Vegas Fire & Rescue GIS Division for HHC's use. The "Astra Canyon Drive" name change coincides with a revised Marketing and Branding strategy for the adjacent custom lot community.

Please contact me if you require any additional information. Thank you for your time and consideration.

Sincerely,

Vincent Esposito, AIA
Director, Current Planning
