Eve Arauz – 2105 Houston Dr., Las Vegas, NV 89104

To whom it may concern,

I Eve Arauz am applying for a variance to maintain my unpermitted structures and fence on my property per my Code Enforcement case. The reason being the hot weather as my structures provide protection from the sun, additional storage, and safety overall. In specific, I would like to maintain my fence to protect my home. I recently had 2 vehicles crash against my fence that I had to fix.
