**\*\* STAFF REPORT \*\***

**PROJECT DESCRIPTION**

This is a Special Use Permit request for a proposed 2,925 square-foot Alcohol, On-Premise Full use within an existing restaurant at 3839 West Sahara Avenue, Suite #9.

**ISSUES**

- The Alcohol, On-Premise Full use is allowed in the C-1 (Limited Commercial) zoning district with approval of a Special Use Permit. Staff supports the request.

**ANALYSIS**

The subject site is zoned C-1 (Limited Commercial) and is subject to Title 19 development standards. The existing restaurant, Weera Thai, is located within an existing commercial building. The restaurant currently offers beer and wine for on-premise consumption and now a Special Use Permit is requested to allow an Alcohol, On-Premise Full use. The subject site provides 41 parking spaces, which was approved by a Variance (VAR-61754), and this request does not intensify the existing restaurant use.

Per Title 19, the Alcohol, On-Premise Full use is defined as “An establishment licensed to sell alcoholic beverages, not limited to the sale of beer, wine and coolers, for consumption on the premises where the same are sold.”

**The Minimum Special Use Permit Requirements for this use include:**

1. Pursuant to its general authority to regulate the sale of alcoholic beverages, the City Council declares that the public health, safety and general welfare of the City are best promoted and protected by generally requiring a minimum distance separation between an Alcohol, On-Premise Full establishment and certain other uses that should be protected from the impacts associated with that establishment. Therefore, except as otherwise provided in these Requirements, no Alcohol, On-Premise Full establishment may be located within 400 feet of any of the following uses:
  - a. Church/house of worship;
  - b. School;
  - c. Individual care center licensed for more than 12 children; or
  - d. City park.

## Staff Report Page Two

## November 12, 2024 - Planning Commission Meeting

*The proposed use meets this requirement, as no protected uses are located within 400 feet of the subject site.*

2. The distance separation requirement set forth in Requirement 1 does not apply to the following:
  - a. An establishment which has a non-restricted gaming license in connection with a hotel having 200 or more guest rooms on or before July 1, 1992, or in connection with a resort hotel having in excess of 200 guest rooms after July 1, 1992; or
  - b. Any Alcohol, On-Premise Full use located on property within the Pedestrian Mall, as defined in LVMC Chapter 11.68; the Downtown Entertainment Overlay District, as described in LVMC 19.10.120; or the 18b Arts District, as described in Appendix F to this Title. The Special Use Permit approval may include conditions designed to mitigate any impacts related to distance separation.

*This requirement is not applicable, as the subject site does not meet (a) or (b). Therefore, Requirement 1 still applies, which the proposed use meets.*

The proposed use would operate within an existing restaurant that currently serves beer and wine. The proposed Alcohol, On-Premise Full use would allow the sale of alcoholic beverages not limited to beer and wine. This proposed use is consistent with the uses allowed in the C-1 (Limited Commercial) zoning district and can be conducted in a compatible and harmonious manner with the surrounding land uses. Therefore, staff recommends approval of the Special Use Permit request, subject to conditions.

## FINDINGS (24-0459-SUP1)

In order to approve a Special Use Permit application, per Title 19.16.110(L) the Planning Commission and City Council must affirm the following:

1. **The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.**

The proposed Alcohol, On-Premise Full use would occur within an existing restaurant within a commercial building. The proposed use can be conducted in a manner that is harmonious and compatible with existing and future surrounding land uses.

2. **The subject site is physically suitable for the type and intensity of land use proposed.**
