Happy Face Massage LLC is a specialized, alternative, holistic health service. We offer relief for clients who suffer from TMJ disorder using unique techniques, including face massage. We also specialize in full-body lymphatic drainage massage. Our services are highly sought after, and we are highly recommended and preferred by many professionals, including dentists, doctors, chiropractors, and physical therapists. We would like to open a location at 501 S. Rancho Suite D-24, as this is a beautiful and convenient location to serve our clients and the community of Las Vegas. The business suite will include four massage/treatment rooms. The hours of operation would be 9:00 am-8:00 pm daily. Thank you for considering my application.
