

## JUSTIFICATION LETTER

**September 3, 2024**

We as an operating restaurant, are experiencing hard situations lately, and according on customers recommendations for years, we decided to upgrade our menu including alcohol drinks so we can give an extra to our customers and hopping will have better customers concurrence.

We have tourist customers coming from all the country and as a tourist city they always ask for alcohol to be served on almost every plate, this is why we hope will have this permit issued in the future.

We are applying for a Special Use Permit for an On Premise Full Alcohol License, we have an approved special use permit on the past but permit was not approved by city because a requirement that we worked on and now we have it.

At the moment our open hours are 9:00 AM to 10:00 PM and We have planned to extend hours from 9:00 AM to 2:00 AM, seven days a week.

We have confidence this license will really help on the growing of our business.

In accordance to increase sales on our restaurant we are planning to use outside sitting and have some extra small tables, I understand this will require us to request a variance to allow zero additional spaces where five would be required.
