Jonathan Boyles,

This is my letter of justification to the City of Las Vegas for an additional 2 year extension on my Antenna Tower/Antenna Project. I received my special use permit in December of 2020, Project Number 20-0091-SUP1 and initial 2 year extension 22-0711 EOT & RQR. I am presently working through processes with the building department with getting a permit issued on my existing project. Recent structural calculations and drawing provided by a structural engineer on the project, were deemed to be incomplete and I am in middle of getting this resolved.

Sincerely,

A handwritten signature in black ink that reads "Michael Mueller". The signature is written in a cursive, flowing style.
