In addition, there will be a non-smoking room of approximately 430 square feet. The Lounge will have a performance stage as well as an assortment of seating options (booths and tables), complemented by large screen TVs throughout the space, speakers for music, arcade games, billiards and a cannabis bar for staff to assist guests with cannabis purchases and the use and rental of cannabis paraphernalia.

Naked City Cannabis Lounge is a place where people will come together to form a cannabis community in a clean, safe and fun environment. A place to enjoy cannabis with old friends and to make new ones. To relax, create memories, build relationships, share laughter and celebrate milestones. In short, Naked City Cannabis Lounge is the place to be for fun and memorable experiences.

Products and Services

Product Offerings

Naked City Cannabis Club will offer prepackaged foods and non-alcoholic drinks, as well as cannabis pre-rolls, vapes, concentrates, and an assortment of edibles and tinctures. It will also offer cannabis infused and non-infused foods and beverages as well as fully catered infused and non-infused meals. Naked City Cannabis Club will also provide its guests with the option to purchase food from local restaurants and have it delivered for consumption at the Lounge.

Service Offerings

Naked City Cannabis Club will be a fully staffed facility with security, cannabis bartenders, budtenders and serving staff.

Pricing Model

The pricing models vary depending upon the type of event. Private events are billed based on: (1) the services and products requested; (2) the day-of-the-week the venue is booked for; and (3) and the size of the event. Private events will be limited to 90 guests in the space at a time.

Events hosted by Naked City Cannabis Club will involve presold tickets or ticket purchases at the event. The cost of the tickets will depend on the type of event being hosted. For the hosted events ticket prices will range from \$25 and higher, with a crowd limit of 90 customers in the space at a time.

Market Analysis

The market that Naked City Cannabis Club is targeting consists of the following two categories of client:

Individuals or businesses located in Las Vegas or visiting Las Vegas that are looking to rent out a fully staffed, exclusive, private event space that permits cannabis consumption, with the event personally customized to the needs of the client.

Cannabis Lounge events hosted by Naked City Cannabis Club. These events would require guests to pay a cover charge at the door or to purchase tickets in advance.

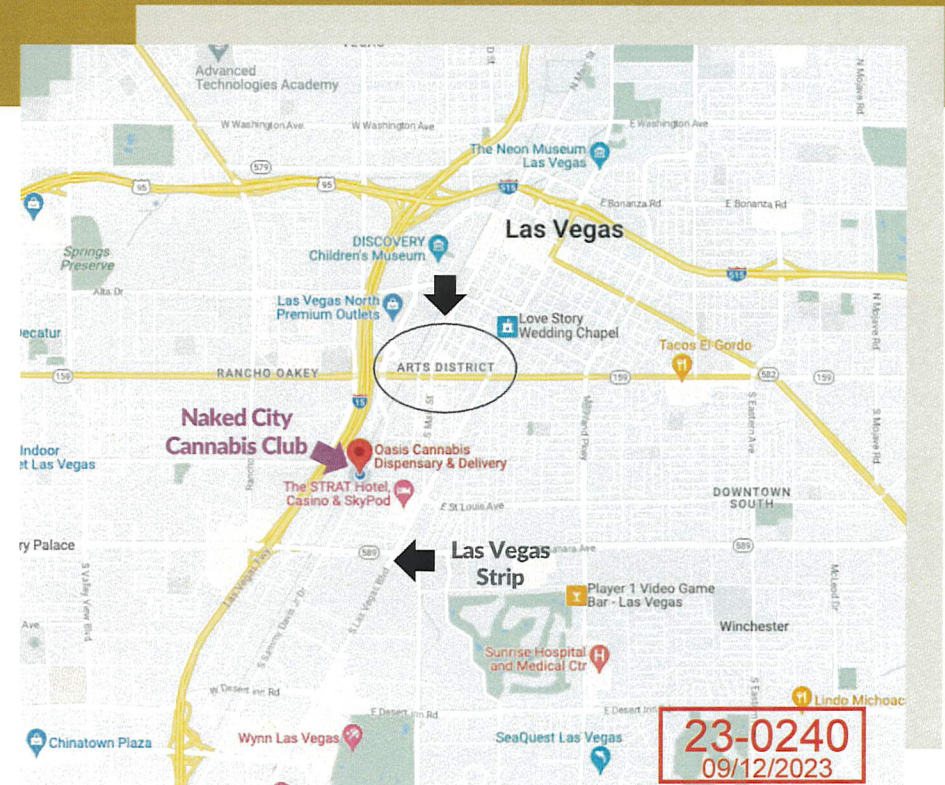

Location Analysis

10

The Naked City Cannabis Club is located in the Historic Naked City District of Las Vegas, in close proximity to the Las Vegas Strip as well as to the Las Vegas Arts District. Nestled in the perfect location to draw on the energy of the surrounding area and the convenience of the proximity to the hotels and nightlife activity of the Strip and the Arts District.

Additionally, Naked City Cannabis Club is attached to Oasis Cannabis Dispensary, its sister company, which means a wide range of cannabis products are readily available to guests of the Club while at the venue, as well as a full range of products available for purchase once the customer leaves the Club. Social, entertainment and cannabis needs all met in one central location.

Competitor Analysis

The competition in the marketplace is regulated by the issuance of a limited number of licenses by the Nevada Cannabis Compliance Board, following a rigorous application process. Naked City Cannabis Club has one of those coveted licenses. Naked City Cannabis Club represents only one of five cannabis retail dispensaries awarded a license in the City of Las Vegas. In addition to the sparsity of licenses issued by the Nevada Cannabis Compliance Board, Naked City Cannabis Club has developed its own unique Lounge concept.

Other Lounges are focused on operating a facility available for large periods of time each day (and night) for the public to simply walk in and enjoy. The Naked City concept is to have customized private events and uniquely curated hosted events. To our knowledge, this is a business model among retail establishments who own consumption lounges that is unique to us.

Marketing Plan

The initial marketing strategy will be to focus on social media marketing, highlighting the Lounge to existing Oasis Dispensary customers, grassroots marketing efforts with the Las Vegas Convention and Visitors Authority, and participation in downtown Las Vegas community events. Naked City Cannabis Club also plans to host a podcast broadcasting live from the venue, as well as monthly newsletters, and partnership collaborations with local businesses. Drawing customers into the space through the events hosted by Naked City Cannabis Club will also serve to increase exposure to the venue.

23-0240
09/12/2023

Financial Considerations

Since the venue is brand new, the projections of revenues and expenses are just that---proforma projections. That said, the total revenue expected in Year One is approximately \$1.5 million with monthly revenues averaging a fairly consistent \$125,000 per month (approximately). Expenses and taxes are expected to be approximately \$1.1 million on sales of \$1.5 million, resulting in an annual net income to Naked City Cannabis Club of approximately \$400,000. The assumptions for the Year-One model are that venue will average two private events per week with hosted events averaging two-per-month to start. Year Two numbers are expected to increase by about 20% as the actual usage of the space increases. The assumption is that the occupancy will remain at 90 customers at the venue during any given hour when the lounge is open for an event. Therefore, the increased revenue opportunities occur when we are able to: (1) rent the facility or host events on a greater number of days each week and (2) rent the facility for more than one event per day (for example, a daytime event followed by a separate nighttime event). Funding for Naked City Cannabis Club comes from Serenity Wellness Centers LLC. Naked City Cannabis Club is a d/b/a of Serenity Wellness Center LLC.

Dear Members of the Planning Commission:

My name is: Josh Abelson

My Phone Number is: 702.423.3941

I am providing this letter of support in connection with the Cannabis Consumption Lounge and outdoor patio that is proposed by Serenity Wellness Centers LLC for the site located at 1800 Industrial Road Suites 100 and 102 in Las Vegas Nevada. I have a business in the neighborhood located at 2330 Industrial Rd LV, NV 89102 and would be impacted by the Cannabis Consumption Lounge.

I recently met with representatives of the Lounge project and they provided me with a floor plan and renderings of the indoor space and outdoor patio and discussed with me their plans for how the spaces would be used, how smoke on the outdoor patio would be mitigated (solid walls, planted vegetation, fragrant plantings, ceiling fans, misters, ground air filters) as well as issues of the third-party transportation of patrons, security measures that will be implemented, hours of operation and the intended use of the venue (music, art shows, poetry nights, open mic, private events). They allowed me to ask questions and provided me clear information in response. I am fully satisfied that this project will add a great deal to the neighborhood and that Serenity Wellness Centers LLC will be an excellent operator.

Serenity Wellness Center LLC d/b/a/ "Oasis Dispensary" which operates out of that same general location has always been a good and respectful neighbor that has also provided significant job opportunities and increased business to the area. I expect that they will be a great neighbor in their operation of the cannabis lounge as well. I wanted the Planning Commission to know that I fully support the cannabis lounge application, including the outdoor smoking patio, since I expect that Serenity Wellness Centers will run the facility in a professional, thoughtful and responsible way, and it will provide much needed revenue, business traffic and community activities to the area. The Cannabis Lounge and outdoor smoking patio would be an excellent addition to the neighborhood.

Serenity Wellness Center LLC d/b/a/ "Oasis Dispensary" which operates out of that same general location has always been a good and respectful neighbor that has also provided significant job opportunities and increased business to the area. I expect that they will be a great neighbor in their operation of the cannabis lounge as well. I wanted the Planning Commission to know that I fully support the cannabis lounge application, including the outdoor smoking patio, since I expect that Serenity Wellness Centers will run the facility in a professional, thoughtful and responsible way, and it will provide much needed revenue, business traffic and community activities to the area. The Cannabis Lounge and outdoor smoking patio would be an excellent addition to the neighborhood.

My email is: Bridgettndtlv@gmail.com

I am providing this letter of support in connection with the Cannabis Consumption Lounge and outdoor patio that is proposed by Serenity Wellness Centers LLC for the site located at 1800 Industrial Road Suites 100 and 102 in Las Vegas Nevada. I have a business in the neighborhood located at 1800 Industrial Rd. Las Vegas N.V. 89102 and would be impacted by the Cannabis Consumption Lounge. Suite 1086

I recently met with representatives of the Lounge project and they provided me with a floor plan and renderings of the indoor space and outdoor patio and discussed with me their plans for how the spaces would be used, how smoke on the outdoor patio would be mitigated (solid walls, planted vegetation, fragrant plantings, ceiling fans, misters, ground air filters) as well as issues of the third-party transportation of patrons, security measures that will be implemented, hours of operation and the intended use of the venue (music, art shows, poetry nights, open mic, private events). They allowed me to ask questions and provided me clear information in response. I am fully satisfied that this project will add a great deal to the neighborhood and that Serenity Wellness Centers LLC will be an excellent operator.

Good evening members of the Planning Commission.

My Name is Jamie Dickson, and I am the Chief Administrative Officer for CLS Holdings USA, Inc. For the record, I reside at 3601 Via Santa Maria, Henderson NV, 89052.

CLS Holdings USA, Inc. is the parent company that owns and operates City Trees, a wholesale cannabis production facility in North Las Vegas, and Oasis Cannabis Dispensary, a retail dispensary in the City of Las Vegas. Oasis Cannabis Dispensary is located at 1800 Industrial Road, Suite 180, Las Vegas, NV 89102. Serenity Wellness Center LLC d/b/a Oasis Cannabis Dispensary, is before you this evening to present facts about this location, speak to the principles and plans the company has for its proposed retail attached cannabis consumption lounge project, and share with you visual representations of these spaces. Because Serenity will be running the lounge, I thought it would be useful for you to hear a little bit about the Company, its business practices and its culture.

Let me begin with a brief history of my time at Serenity Wellness Center. I have been employed with the Company Since November of 2017. In 2017 I started as an Administrative Assistant, and within a few years' time, I was promoted three times until I was promoted to my current position in 2022. As the Chief Administrative Officer, I have oversight responsibility for Oasis Cannabis Dispensary, and I will also have oversight responsibility for the lounge if we are fortunate enough to get the license. I have traveled quite a distance with this Company in a relatively short time, which is a testament to the opportunities the Company creates. This is a Company that likes to promote from within, loves to empower its employees and prides itself on recognizing hard work and talent. Over the years I have been fortunate enough to be part of the amazing team that operates Serenity Wellness Center. I have experienced exceptional professional growth with this company and have been given opportunities to significantly contribute to this organization and its staff that have been impactful and rewarding. Serenity Wellness Center also provides its employees with an excellent working environment. The company prides itself on providing first-rate health insurance benefits and a dependable living wage to its employees which enables them to provide for themselves and their families.

Serenity is also very proud to serve the Las Vegas community by being a premiere local cannabis dispensary, catering to locals and tourists alike. The safety of our employees and guests is paramount and the business has taken measured steps to ensure this high standard is upheld daily. Providing customers with excellent customer service is extremely important. We want every customer to have an exceptional experience each time they visit Oasis Cannabis Dispensary. Serenity sources high quality cannabis products from reputable Nevada vendors and provides its customers with the best cannabis products at a price point that is favorable and sensitive to everyone's budget.

I am providing this letter of support in connection with the Cannabis Consumption Lounge and outdoor patio that is proposed by Serenity Wellness Centers LLC for the site located at 1800 Industrial Road Suites 100 and 102 in Las Vegas Nevada. I have a business in the neighborhood located at 1675 Industrial Las Vegas, NV 89102 and would be impacted by the Cannabis Consumption Lounge.

I recently met with representatives of the Lounge project and they provided me with a floor plan and renderings of the indoor space and outdoor patio and discussed with me their plans for how the spaces would be used, how smoke on the outdoor patio would be mitigated (solid walls, planted vegetation, fragrant plantings, ceiling fans, misters, ground air filters) as well as issues of the third-party transportation of patrons, security measures that will be implemented, hours of operation and the intended use of the venue (music, art shows, poetry nights, open mic, private events). They allowed me to ask questions and provided me clear information in response. I am fully satisfied that this project will add a great deal to the neighborhood and that Serenity Wellness Centers LLC will be an excellent operator.

Serenity Wellness Center LLC d/b/a/ "Oasis Dispensary" which operates out of that same general location has always been a good and respectful neighbor that has also provided significant job opportunities and increased business to the area. I expect that they will be a great neighbor in their operation of the cannabis lounge as well. I wanted the Planning Commission to know that I fully support the cannabis lounge application, including the outdoor smoking patio, since I expect that Serenity Wellness Centers will run the facility in a professional, thoughtful and responsible way, and it will provide much needed revenue, business traffic and community activities to the area. The Cannabis Lounge and outdoor smoking patio would be an excellent addition to the neighborhood.

I am a regular customer of Oasis Cannabis Dispensary, and on a recent visit I learned of their intent (subject to obtaining all of the necessary approvals) to operate a cannabis consumption lounge and patio on property connected to the dispensary in 2024. Oasis Cannabis has always been a well run, professional, affordable and high quality dispensary and I have no doubt they will operate a consumption lounge with those same values and standards. I am signing this petition to register my full support for the cannabis consumption lounge and patio as a safe, secure and fun place for people to gather and enjoy cannabis in the company of friends.
