**PROJECT DESCRIPTION**

This is a request from the applicant to amend the Skye Canyon Parks Agreement to remove and replace the conceptual landscape plan for Park 5.12 and update the Required Facilities Matrix for all recreation facilities within the Skye Canyon community. Park 5.12 is located on 1.92 acres along the south side of Iron Mountain Road, west of the Sheep Mountain Parkway alignment.

**ISSUES**

- This is the first amendment of the Second Amended and Restated Skye Canyon Parks Agreement between KAG Property, LLC (and its successors) and the City of Las Vegas, which was adopted August 7, 2019 with the Fifth Amendment and Restatement to the Development Agreement for Skye Canyon Maser Planned Community.

**ANALYSIS**

The applicant, who is the Master Developer of the Skye Canyon community, has proposed changes to Park 5.12, which is now envisioned to be an equestrian trailhead. Amenities to be provided include horse trailer parking, pedestrian and bike trails, an artificial turf area and a possible demonstration garden. Restroom facilities are no longer planned for Park 5.12. Accordingly, Exhibit D of the Skye Canyon Parks Agreement (hereafter "Parks Agreement") is proposed to be amended to remove the existing conceptual landscape plan and replace it with a more detailed conceptual site plan (date stamped 02/15/24).

Exhibit E of the Parks Agreement contains a matrix of all required neighborhood park amenities within Skye Canyon. Pursuant to Paragraph 2 of the Parks Agreement, the Master Developer and the City of Las Vegas have agreed that Skye Canyon parks must, at a minimum, contain the amenities and features described in the matrix, regardless of the amenities shown on the conceptual plans for each of the parks. The matrix may be updated from time to time as facilities are developed. Exhibit E is proposed to be amended by replacing the existing Amenity Matrix with one containing the newly proposed amenities for Park 5.12 (date stamped 02/15/24). The option for either including bike/trike trails or a demonstration garden, or both, within the park, is memorialized on the matrix. The total area of Qualified Parks within Skye Canyon will now be 49.53 acres.

**FINDINGS (23-0676-DIR1)**

This amendment will allow the concept for Park 5.12 to be changed to a trailhead, which is appropriate for its location adjacent to federal lands to the west. This amendment will also provide a necessary update to the Required Facilities Matrix, which the City of Las Vegas recognizes as the minimum amenities for all Qualified Parks within Skye Canyon.
