NOW, THEREFORE, in consideration of the covenants, conditions, agreements, and promises of the PARTIES hereto, the PARTIES agree to proceed as follows:

SECTION I: SCOPE OF PROJECT

This Interlocal Contract applies to a regional strategic plan for work zone coordination, which is an initiative that aims to improve public messaging and response in real time to construction impacts on transit and traffic management operations through Clark County. This project will focus on impacts to 80 foot and greater right-of-way roadways, which comprise the majority of RTC transit routes and signalized intersections. The RTC would like to engage in a pilot project with One.Network, which will be managed by the Freeway and Arterials Systems of Transportation (FAST). The intent of the pilot project is to increase communication and visibility related to work zones and event related traffic interruptions by implementing a system that will provide real time work zone locations and data via the One.Network platform.

SECTION II: PROJECT COSTS

The RTC agrees to provide funding for all costs associated with the PROJECT from the Regional Streets and Highways Fund as outlined below:

1. The total cost for this contract shall not exceed \$350,000.00.

3. At the time the ATP for construction is granted, the ENTITIES will make all attempts to publish the bid for this PROJECT within 90 calendar days.
4. A supplemental interlocal contract will be required for any changes to the amounts identified in number 2 above.

SECTION III: GENERAL

1. It is understood and agreed that the purpose of this Interlocal Contract is to fund the PROJECT as herein above set forth. It is further understood and agreed that the RTC is responsible for the coordination of the PROJECT. The RTC will be responsible for the actions or inactions of its Officers and Employees.
