violation of, and unlawful under, this Chapter, but this enumeration shall not be deemed to be exclusive:

(A) The sounding of any horn or signal device on any automobile, motorcycle or bus while it  
is in motion except as a danger signal if another vehicle is approaching apparently out of control or, if in  
motion, only as a danger signal after the brakes have been or are being applied and the deceleration of the  
vehicle is intended, the creation by means of any such horn or signal device of any unreasonably loud or  
harsh sound or the sounding of such horn or device for an unnecessary and unreasonable period of time.
