Venue Expansion Justification Letter

To Whom It May Concern:

We are planning to expand into the unit next door as can be seen in the plans submitted. We will apply for a special use permit – full alcohol use with existing liquor license on premise for the additional area that will be added to the venue. Additional toilets will be built for both genders in order to follow the occupancy codes. We will also expand the patio and apply for a special use permit full alcohol use to include the proposed patio area.
