**** CONDITIONS ****

24-0578-VAR1 CONDITIONS

Planning

1. Approval of and conformance to the Conditions of Approval for Special Use Permit (24-0578-SUP1) shall be required, if approved.
2. A Variance is hereby approved, to allow a 80-foot tall Off-Premise Sign where 40-feet is the maximum allowed.
3. A Variance is hereby approved, to allow a 1,620 square-foot sign area for an Off-Premise Sign where 672 is the maximum allowed.
4. This approval shall be void two years from the date of final approval, unless exercised pursuant to the provisions of LVMC Title 19.16. An Extension of Time may be filed for consideration by the City of Las Vegas.
5. All necessary building permits shall be obtained and final inspections shall be completed in compliance with Title 19 and all codes as required by the Building and Safety Division.
6. These Conditions of Approval shall be affixed to the cover sheet of any plan set submitted for building permit.
7. All City Code requirements and design standards of all City departments must be satisfied, except as modified herein.

24-0578-SUP1 CONDITIONS

Planning

1. Conformance to all Minimum Requirements under LVMC Title 19.12 for an Off-Premise Sign use.
2. Approval of and conformance to the Conditions of Approval for Variance (24-0578-VAR1) shall be required, if approved.

JB

3. Conformance to the approved conditions for Site Development Plan Review (22-0674-SDR1) and Site Development Plan Review (24-0219-SDR1).
4. This approval shall be void two years from the date of final approval, unless exercised pursuant to the provisions of LVMC Title 19.16. An Extension of Time may be filed for consideration by the City of Las Vegas.
5. All necessary building permits shall be obtained and final inspections shall be completed in compliance with Title 19 and all codes as required by the Building and Safety Division.
6. These Conditions of Approval shall be affixed to the cover sheet of any plan set submitted for building permit, as well as submitted as part of any business license application.
7. All sign animation shall conform to the "Animated Signs Containing a Changeable Electronic Message" provisions identified in Title 19.08.120(B)(11).
8. Prior to the usage or issuance of a building permit for the proposed Off-Premise Sign, the existing Off-Premise Sign (Billboard) located approximately 525 feet to the north of the subject sign on the Rancho Drive right-of-way (APN 162-08-602-007) shall be removed. The applicant shall submit to the Department of Community Development - Building & Safety division demolition permit documentation at time of the building permit submittal for the subject Off-Premise Sign.
9. This Special Use Permit shall be reviewed in three (3) year(s), at which time the City Council may require the Off-Premise Sign be removed. The applicant shall be responsible for notification costs of the review. Failure to pay the City for these costs may result in a requirement that the Off-Premise Sign be removed.
10. The Off-Premise Sign and its supporting structure shall be properly maintained and kept free of graffiti at all times. Failure to perform the required maintenance may result in fines and/or removal of the Off-Premise Sign.
11. The property owner shall keep the property properly maintained and graffiti-free at all times. Failure to perform required maintenance may result in fines and/or removal of the Off-Premise Sign.
12. Only one advertising sign is permitted per sign face.
13. If the proposed Off-Premise Sign is voluntarily demolished, this Special Use Permit (24-0578-SUP1) and Variance (24-0578-VAR1) shall be expunged and a new Off-Premise Sign shall not be permitted in the same location unless a Special Use Permit is approved for the new structure by the City Council.

14. The Off-Premise Sign supporting structure shall be designed to include finish materials that complement the existing on-site building.
15. Bird deterrent devices shall be installed on the sign.
16. All City Code requirements and design standards of all City departments must be satisfied, except as modified herein.

24-0578-VAR2 CONDITIONS

Planning

1. Approval of and conformance to the Conditions of Approval for Special Use Permit (24-0578-SUP2) shall be required, if approved.
2. A Variance is hereby approved, to allow a 60-foot tall Off-Premise Sign where 40-feet is the maximum allowed.
3. A Variance is hereby approved, to allow the Off-Premise Sign to be attached to a wall where the sign is required to be detached and permanently secured to the ground.
4. This approval shall be void two years from the date of final approval, unless exercised pursuant to the provisions of LVMC Title 19.16. An Extension of Time may be filed for consideration by the City of Las Vegas.
5. All necessary building permits shall be obtained and final inspections shall be completed in compliance with Title 19 and all codes as required by the Building and Safety Division.
6. These Conditions of Approval shall be affixed to the cover sheet of any plan set submitted for building permit.
7. All City Code requirements and design standards of all City departments must be satisfied, except as modified herein.

24-0578-SUP2 CONDITIONS

Planning

1. Conformance to all Minimum Requirements under LVMC Title 19.12 for an Off-Premise Sign use.
2. Approval of and conformance to the Conditions of Approval for Variance (24-0578-VAR2) shall be required, if approved.
3. Conformance to the approved conditions for Site Development Plan Review (22-0674-SDR1) and Site Development Plan Review (24-0219-SDR1).
4. This approval shall be void two years from the date of final approval, unless exercised pursuant to the provisions of LVMC Title 19.16. An Extension of Time may be filed for consideration by the City of Las Vegas.
5. All necessary building permits shall be obtained and final inspections shall be completed in compliance with Title 19 and all codes as required by the Building and Safety Division.
6. These Conditions of Approval shall be affixed to the cover sheet of any plan set submitted for building permit, as well as submitted as part of any business license application.
7. All sign animation shall conform to the "Animated Signs Containing a Changeable Electronic Message" provisions identified in Title 19.08.120(B)(11).
8. This Special Use Permit shall be reviewed in three (3) year(s), at which time the City Council may require the Off-Premise Sign be removed. The applicant shall be responsible for notification costs of the review. Failure to pay the City for these costs may result in a requirement that the Off-Premise Sign be removed.
9. The Off-Premise Sign and its supporting structure shall be properly maintained and kept free of graffiti at all times. Failure to perform the required maintenance may result in fines and/or removal of the Off-Premise Sign.
10. The property owner shall keep the property properly maintained and graffiti-free at all times. Failure to perform required maintenance may result in fines and/or removal of the Off-Premise Sign.

24-0578 [VAR1, VAR2, VAR3, SUP1, SUP2, AND MSP1]

Conditions Page Five

January 14, 2025 - Planning Commission Meeting

11. Only one advertising sign is permitted per sign face.
12. If the proposed Off-Premise Sign is voluntarily demolished, this Special Use Permit (24-0578-SUP2) and Variance (24-0578-VAR2) shall be expunged and a new Off-Premise Sign shall not be permitted in the same location unless a Special Use Permit is approved for the new structure by the City Council.
13. The Off-Premise Sign supporting structure shall be designed to include finish materials that complement the existing on-site building.
14. Bird deterrent devices shall be installed on the sign.
15. All City Code requirements and design standards of all City departments must be satisfied, except as modified herein.

24-0578-VAR3 CONDITIONS

Planning

1. Approval of and conformance to the Conditions of Approval for Master Sign Plan (24-0578-MSP1) shall be required, if approved.
2. A Variance is hereby approved, to allow proposed wall signs that exceed 20 percent of a building elevation.
3. A Variance is hereby approved, to allow a roof sign that exceeds the maximum area and maximum height allowed.
4. A Variance is hereby approved, to allow incidental signs that exceed the maximum number, maximum height and maximum area allowed.
5. This approval shall be void two years from the date of final approval, unless exercised pursuant to the provisions of LVMC Title 19.16. An Extension of Time may be filed for consideration by the City of Las Vegas.
6. All necessary building permits shall be obtained and final inspections shall be completed in compliance with Title 19 and all codes as required by the Building and Safety Division.
7. These Conditions of Approval shall be affixed to the cover sheet of any plan set submitted for building permit.

JB

8. All City Code requirements and design standards of all City departments must be satisfied, except as modified herein.

24-0578-MSP1 CONDITIONS

Planning

1. Approval of and conformance to the Conditions of Approval for Variance (24-0578-VAR1), Variance (24-0578-VAR2), Variance (24-0578-VAR3), Special Use Permit (24-0578-SUP1) and Special Use Permit (24-02578-SUP2) shall be required, if approved.
2. This approval shall be void two years from the date of final approval, unless exercised pursuant to the provisions of LVMC Title 19.16. An Extension of Time may be filed for consideration by the City of Las Vegas.
3. All development shall be in conformance with the site plan and sign elevations date stamped 11/21/24, except as amended by conditions herein.
4. Any future amendments to the approved signage within the Master Sign Plan in conformance with the Master Sign Plan and new signage in conformance with Title 19 standards may be reviewed and approved administratively by the Department of Community Development.
5. Animated signs containing a changeable electronic message shall consist of static images that have a minimum duration of six seconds for each message. The transition time between each message shall be no more than two seconds with no motion or animation during the transition between messages.
6. Animated signs containing a changeable electronic message utilizing LED illumination shall adjust brightness automatically in response to changes in surrounding light levels so as not to be unreasonably bright. At no time shall the brightness of LED illumination exceed 300 nits.
7. All City Code requirements and design standards of all City departments must be satisfied, except as modified herein.

Public Works

8. All landscaping and private improvements installed with this project shall be situated and maintained so as to not create sight visibility obstructions for vehicular traffic at all development access drives and abutting street intersections.

**** STAFF REPORT ****

PROJECT DESCRIPTION

This is a request for a Master Sign Plan for a previously approved commercial development (Area 15 - District 2) on 11.05 acres at the southwest and southeast corner of Meade Avenue and Rigel Avenue.

ISSUES

- A Variance (24-0578-VAR1) has been requested to allow a proposed 80-foot tall Off-Premise Sign where 40 feet is the maximum allowed and to allow a 1,620 square-foot sign area where 672 is the maximum allowed (APN 162-08-710-002). Staff recommends denial of the request.
- A Special Use Permit (24-0578-SUP1) has been requested for a proposed 80-foot tall, 27-foot by 60-foot Off-Premise Sign (Not Qualifying as a City Communication Sign) use (APN 162-08-710-002). Staff recommends denial of the request.
- A Variance (24-0578-VAR2) has been requested to allow a proposed 60-foot-foot tall Off-Premise Sign where 40 feet is the maximum allowed and to allow the Off-Premise Sign to be attached to a wall where the sign is required to be detached and permanently secured to the ground (APN 162-08-303-034). Staff recommends denial of the request.
- A Special Use Permit (24-0578-SUP2) has been requested for a proposed 60-foot tall, 30-foot by 20-foot Off-Premise Sign (Not Qualifying as a City Communication Sign) use (APN 162-08-303-034). Staff recommends denial of the request.
- A Variance (24-0578-VAR3) has been requested to allow proposed wall signs that exceed 20 percent of a building elevation; to allow a proposed roof sign that exceeds the maximum area and maximum height allowed; and to allow proposed incidental signs that exceed the maximum number, maximum height and maximum area allowed. Staff recommends denial of the request.
- A Master Sign Plan (24-0578-MSP1) has been requested for a proposed master sign plan for an approved commercial development (Area 15 - District 2). Staff recommends denial of the request.
- Upon the completion of the development and installation of all signs the City will conduct an another review with the developer to determine if some signs are not visible from the right-of-way and may be deemed except from sign development standards pursuant to Title 19.08.120(E)(2) development standards.

ANALYSIS

The subject 11.05-acre site is comprised of two parcels (APNs 162-08-710-002 and 162-08-303-034) that are zoned M (Industrial) and are subject to Title 19 development standard requirements. The M (Industrial) zoning district is intended to provide for heavy manufacturing industries in locations where they will be compatible with and not adversely impact adjacent land uses. This district is intended to be located away from all residential development. Also, the site is located with the Charleston area of the City of Las Vegas 2050 Master Plan.

On January 10, 2023, the Planning Commission approved Site Development Plan Review (22-0674-SDR1) for a proposed 633,028 square-foot commercial shopping center development including Commercial Recreation /Amusement (Indoor and Outdoor) Facility, Restaurant, Retail, Outdoor Patio, and back-of-house (storage) floor area with a six-story parking garage on the subject site. On July 09, 2024 the Planning Commission approved a request for a Major Amendment (24-0219-SDR1) to the previously approved Site Development Plan Review (22-0674-SDR1) for proposed adjustments to the approved square-footages and height of the facilities within the commercial development; installation of a carousel and 225-foot tall drop ride and outdoor nightclub areas with waivers of perimeter landscape on the subject. Currently, the applicant has submitted a proposed Master Sign Plan (24-0578-MSP1) that includes two Off-Premise Signs (Not Qualifying as a City Communication Sign), two development entry signs, freestanding sign, roof sign, projecting sign; and several incidental and walls signs.

The first Off-Premise Sign (Not Qualifying as a City Communication Sign) is located on the northeast perimeter of the subject site adjacent to the southwest corner of Meade Avenue and Rancho Drive (APN 162-08-710-002). The submitted sign elevations indicate the proposed "V" shaped sign is 80 feet in overall height, 27 feet tall and by 60 feet wide totaling 1,620 square feet in sign area. The sign is comprised on two digital LED illuminated displays; the top portion is 1,050 square feet and the lower portion is 570 square feet. The sign is supported by two freestanding support beams.

The applicant has requested a Special Use Permit (24-0578-SUP1) for the proposed Off-Premise Sign. Pursuant to Title 19.12 development standards Off-Premise Signs must maintain a distance separation of 750 feet from another Off-Premise Sign along Interstate 15. This proposed sign is located approximately 525 feet away from an existing Off-Premise Sign to the north of the subject site that is along Interstate 15 (APN 162-08-602-007). The applicant has indicated in the submitted justification letter that APN 162-08-602-007 is owned by an affiliate of the Applicant and the Applicant will agree to a condition of approval requiring the demolition and removal of the Off-Premise Sign on APN 162-08-602-007 to negate any distance separation issue with the Existing Sign.

In addition, the applicant has requested an associated Variance (24-0578-VAR1) to allow a proposed 80-foot tall Off-Premise Sign where 40 feet is the maximum allowed and to allow a 1,620 square-foot sign area where 672 is the maximum allowed, the sign complies with all remaining Title 19.12 development standards. Since, no evidence of a unique or extraordinary circumstance has been presented to support the requested Variance (24-0578-VAR1), staff cannot support the associated Special Use Permit (24-0578-SUP1); therefore recommending denial of the request.

The second Off-Premise Sign (Not Qualifying as a City Communication Sign) is located on the east elevation of the parking garage adjacent to the southwest corner of Meade Avenue and Rigel Avenue (APN 162-08-303-034). The submitted sign elevations indicate the proposed sign is wall mounted and is 60 feet in overall height, 30 feet tall by 20 feet totaling 600 square feet in sign area. The sign is comprised on one digital LED illuminated display.

The applicant has requested a Special Use Permit (24-0578-SUP2) for the proposed Off-Premise Sign. In addition, the applicant has requested an associated Variance (24-0578-VAR2) to allow a proposed 60-foot-foot tall Off-Premise Sign where 40 feet is the maximum allowed and to allow the Off-Premise Sign to be attached to a wall where the sign is required to be detached and permanently secured to the ground, the sign complies with all remaining Title 19.12 development standards. As stated previously, since no evidence of a unique or extraordinary circumstance has been presented to support the requested Variance, Staff cannot support the requested Special Use Permit (24-0578-SUP1) and associated Variance (24-0578-VAR2); therefore recommending denial of the request.

In addition, the applicant has proposed to install two development entry signs which state "Area 15" that are 26 square feet. These signs are located on the northwest corner of the site adjacent to the southeast corner of Meade Avenue and Rigel Avenue and southeast corner of the site adjacent to the northwest corner of Sirius Avenue and Rancho Drive (APN 162-08-710-002).

The proposed projecting sign is located on north elevation of building #3 - parking garage adjacent to Meade Avenue above the entrance to the parking garage. The proposed sign is 32 square feet in overall sign area with internal LED illumination and complies with all Title 19.08 development standards.

The proposed freestanding sign is located on the east perimeter of the site adjacent to Rancho Drive, approximately 250 feet south of Meade Avenue. The proposed sign is 65 feet tall in overall height, and the sign area is 24 feet wide by 26 feet tall totaling 624 square feet. The sign is illuminated with an internal LED animated electronic message unit. The applicant has indicated in the submitted justification letter this sign will advertise the project and include no off-premises advertising. Also, the subject sign is located 100 feet away from Interstate 15 to the east. Typically freestanding signs are limited to a height of 40 feet in overall height. However, pursuant to Title 19.08 development standards signs within two hundred feet of the right-of-way line and which can be read from Interstates 15 may be increased to a height equal to 80 feet, when authorized by the City Council, after review by the Planning Commission.

The proposed roof sign is located on south elevation of building #2 on the interior of the development. The proposed sign is 18 feet, four inches in overall height and is 100 feet wide totaling 1,833 square feet. The sign is illuminated with an internal LED animated electronic message unit. Pursuant to Title 19.08 development standards roof signs are limited to a maximum area of 150 square feet and shall not extend more than eight feet above the top of the wall, marquee or parapet to which it is attached. The applicant has requested a Variance (24-0578-VAR3) to allow a proposed roof sign that exceeds the maximum area and maximum height allowed. Staff does not support the requested Variance.

There are several wall signs associated with the development which are located on the exterior of buildings #1, #2, #3, #4a, #4b, #4c, #5, #6 and #747. The proposed signs vary in size and are illuminated with internally illuminated LED cabinets and animated LED displays. The applicant has requested a Variance (24-0578-VAR3) to allow proposed wall signs that exceed 20 percent of a building elevation. Staff does not support the requested Variance.

Also, there are 25 incidental signs associated with the development, which are located throughout the site to direct pedestrian and vehicular traffic. The proposed signs vary in size and are illuminated with internally illuminated LED cabinets. Pursuant to Title 19.08 development standards incidental signs maximum number are limited to two signs per driveway or vehicular access, 12 square feet in sign area and seven feet in height. The submitted master sign plan indicates multiple incidental signs throughout the development that are not located near a driveway or vehicular access. Also, the signs range from nine to 20 square-feet in sign area and from five feet, eleven inches to nine feet, four inches in height. The applicant has requested a Variance (24-0578-VAR3) to allow proposed incidental signs that exceed the maximum number, maximum height and maximum area allowed. Staff does not support the requested Variance.

The applicant has indicated in the submitted justification letter that, “The principal structures within the commercial development have an industrial character with thematic design elements aesthetically integrated and/or overlaid throughout the Project. The concrete and steel elements of the signage are consistent throughout the Project and various art, texture and color elements are selectively included to enhance the consumer experience. Also, wall and roof signage will be integrated into the building facades to advertise businesses and services located within the individual suites at the Project except as otherwise approved.”

Staff notes, although the proposed signs will employ the same architectural elements, colors and aesthetic as the facades approved for the buildings within the commercial development pursuant to existing entitlement approvals; no evidence of a unique or extraordinary circumstance has been presented to support the requested Variances (24-0578-VAR1, VAR2 and VAR3) associated with this project. Consequently, staff cannot support the associated Special Use Permits (24-0578-SUP1 and SUP2) and Master Sign Plan (24-0578-MSP1); therefore staff recommends denial of all requested applications associated with this project.

FINDINGS (24-0578-VAR1, VAR2 and VAR3)

In accordance with the provisions of Title 19.16.140(B), the Planning Commission and City Council, in considering the merits of a Variance request, shall not grant a Variance in order to:

1. Permit a use in a zoning district in which the use is not allowed;
2. Vary any minimum spacing requirement between uses;
3. Relieve a hardship which is solely personal, self-created or financial in nature.”

Additionally, Title 19.16.140(L) states:

“Where by reason of exceptional narrowness, shallowness, or shape of a specific piece of property at the time of enactment of the regulation, or by reason of exceptional topographic conditions or other extraordinary and exceptional situation or condition of the piece of property, the strict application of any zoning regulation would result in peculiar and exceptional practical difficulties to, or exceptional and undue hardships upon, the owner of the property, a variance from that strict application may be granted so as to relieve the difficulties or hardship, if the relief may be granted without substantial detriment to the public good, without substantial impairment of affected natural resources and without substantially impairing the intent and purpose of any ordinance or resolution.”

No evidence of a unique or extraordinary circumstance has been presented, in that the applicant has created a self-imposed hardship by proposing to install multiple signs that do not comply with Title 19 development standards. Alternative design and a reduction in the amount of signs would allow conformance to the Title 19 requirements. In view of the absence of any hardships imposed by the site's physical characteristics, it is concluded that the applicant's hardship is preferential in nature, and it is thereby outside the realm of NRS Chapter 278 for granting of Variances.

FINDINGS (24-0578-SUP1 and SUP2)

In order to approve a Special Use Permit application, per Title 19.16.110(L) the Planning Commission and City Council must affirm the following:

1. **The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.**

The applicant has proposed Variance (24-0578-VAR1 and VAR2) to allow a deviations from Title 19.12 Off-Premise Sign (Not Qualifying as a City Communication Sign) development standards. Since the proposed uses are associated with the requested Variances, staff has determined that the proposed Off-Premise Sign uses are not compatible with the surrounding land uses.

2. **The subject site is physically suitable for the type and intensity of land use proposed.**

The subject site is physically suitable for the intensity of the proposed land use. However, staff does not support the proposed Variances (24-0578-VAR1 and VAR2) to allow a deviations from Title 19.12 Off-Premise Sign development standards. Since the proposed uses are associated with the proposed Variance applications, staff has determined that the proposed Off-Premise Sign uses are not compatible with the surrounding land uses.

3. **Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.**

Access to the site is from multiple driveways from Sirius Avenue, Rigel Avenue and Meade Avenue that are 60-foot and Rancho Drive a 47-foot wide Local Street. These roadways are expected to be adequate in size to meet the requirements of the proposed expansion of the approved recreation/amusement facility.

4. **Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan.**

Approval of this Special Use Permits will not compromise the public health safety and general welfare of the public. The uses will be subject to regular inspections and is subject to building permit and licensing restrictions.

5. **The use meets all of the applicable conditions per Title 19.12.**

The proposed Off-Premise Sign (Not Qualifying as a City Communication Sign) uses meets the minimum requirements set forth by Title 19.12 with exception to the requested Variance (24-0578-VAR1) to allow a proposed 80-foot tall Off-Premise Sign where 40 feet is the maximum allowed and to allow a 1,620 square-foot sign area where 672 is the maximum allowed (APN 162-08-710-002); and Variance (24-0578-VAR2) to allow a proposed 60-foot-foot tall Off-Premise Sign where 40 feet is the maximum allowed and to allow the Off-Premise Sign to be attached to a wall where the sign is required to be detached and permanently secured to the ground (APN 162-08-303-034).

FINDINGS (24-0578-MSP1)

In approving a Master Sign Plan, the Planning Commission may impose such conditions, restrictions or limitations as the Commission may determine to be necessary to meet the general purpose and intent of Title 19 and to ensure that the public health, safety and welfare are being maintained. Conditions of approval may include a required review after a specified period to ensure that signage actually constructed conforms to required standards and is maintained in accordance with applicable requirements. Pursuant to Title 19.16.270, all signs in the Master Sign Plan shall:

1. **Either conform to all standards for the zoning district in which the sign will be located, under this Title, or establish sign requirements and limitations that are more restrictive than those set forth in this Title and that are consistent with the standards and criteria set forth in the following Subparagraphs (b) through (g) [of Title 19.16.270(D)(2)]. Master Sign Plans may also be used to establish the requirements and limitations for signs located in the Gaming Enterprise and Downtown Las Vegas Overlay Districts, and the Planned Community and Planned Development Districts;**

Several signs that are proposed with the Master Sign Plan do not conform to Title 19 development standards. The applicant has requested three Variances with the Master Sign Plan:

1. Variance (24-0578-VAR1) has been requested to allow a proposed 80-foot tall Off-Premise Sign where 40 feet is the maximum allowed and to allow a 1,620 square-foot sign area where 672 is the maximum allowed (APN 162-08-710-002). Staff does not support the requested Variance.
2. Variance (24-0578-VAR2) has been requested to allow a proposed 60-foot-foot tall Off-Premise Sign where 40 feet is the maximum allowed and to allow the Off-Premise Sign to be attached to a wall where the sign is required to be detached and permanently secured to the ground (APN 162-08-303-034). Staff does not support the requested Variance.
3. Variance (24-0578-VAR3) has been requested to allow proposed wall signs that exceed 20 percent of a building elevation; to allow a proposed roof sign that exceeds the maximum area and maximum height allowed; and to allow proposed incidental signs that exceed the maximum number, maximum height and maximum area allowed. Staff does not support the requested Variance.

2. Conform to the Residential Protection Standards set forth in this Title;

The proposed signs comply with all residential protection standards set forth within Title 19, there are no residential properties located within 200 feet of the proposed development.

3. Conform to site plan and development standards regarding circulation and emergency exit patterns, parking and loading requirements and other standards related generally to the location of structures within a development;

The proposed signs will not affect circulation or emergency exit patterns, parking or loading requirements or other standards related to the location of structures at the Project.

4. **Be compatible with the architectural characteristics and spatial relationships of the buildings on which the signs are attached, and the placement of freestanding signs on the site, when considered in terms of location, scale, proportion, color, materials, and illumination;**

The proposed signs have been designed to employ the same architectural elements, colors and aesthetic as the facades approved for the buildings within the commercial development. Wall and roof signage will be integrated into the building facades to advertise businesses and services located within the individual suites and incidental directional signs will facilitate vehicular and pedestrian movement in a aesthetically integrated fashion throughout the development.

5. **Be professionally designed and fabricated from materials that meet the physical demands of an urban setting;**

The proposed sign have been professionally designed and fabricated from materials that will meet the physical demands of an urban setting. The proposed signs have been designed with concrete and steel elements that are consistent throughout the commercial development and various art, texture and color elements that are selectively included to enhance the consumer experience.

6. **Be creative in the use of two- and three-dimensional forms, iconographic representations, illumination and graphic design, including the use of color, pattern, typography, and materials; and**

The various sign types included within the commercial development are creatively designed with the colors, patterns and design of the base buildings within the development.

7. **Be designed as attractive and complementary features of the development, which it serves.**

As stated previously, the proposed signs have been designed with concrete and steel elements that are consistent throughout the commercial development and various art, texture and color elements that are selectively included to enhance the consumer experience.

BACKGROUND INFORMATION

<i>Related Relevant City Actions by Planning, Fire, Building, Code Enforcement, etc.</i>	
10/01/80	The Board of City Commissioners approved a request for a Rezoning (Z-0068-80) from R-1 (Single Family Residence) to C-1 (Limited Commercial) for a proposed Off-Premise Sign on property generally located on the west side of South Rancho Drive, between Meade Avenue and Milo Way.
11/16/88	The City Council approved a Rezoning (Z-0068-88) from R-1 (Single Family Residence) to P-R (Professional Offices and Parking) on 1.59 acres adjacent to the west side of Rancho Drive, approximately 350 feet north of Meade Avenue. The Planning Commission and staff recommended approval.
11/17/93	The City Council approved a request for a Rezoning (Z-0094-93) from R-E (Residence Estates) and R-1 (Single Family Residence) to M (Industrial) and P-R (Professional Office and Parking) for a proposed office/warehouse/retail complex on property located on the northwest corner of Rancho Drive and Meade Avenue.
05/17/06	The City Council approved a General Plan Amendment (GPA-9219) to add the subject property to the Las Vegas Redevelopment Area as part of a larger request and designate the area as C (Commercial) with the exception of 5.32 acres at the northwest corner of Rancho Drive and Sirius Avenue. The Planning Commission and staff recommended approval.
05/17/06	The City Council approved a request for a General Plan Amendment (GPA-9219) to change the Future Land Use designation to Commercial, Mixed Use, Industrial or Public Facilities on various parcels located within the proposed Las Vegas Redevelopment Plan area and within the proposed Redevelopment Plan expansion area. The Planning Commission recommended approval of the request.
02/14/12	The Planning Commission accepted a request to withdraw General Plan Amendment (GPA-42939) from: C (Commercial) and SC (Service Commercial) to LI/R (Light Industry/Research) on 37.85 acres at the northwest corner of Desert Inn Road and Rancho Drive.
	The Planning Commission accepted a request to withdraw Rezoning (ZON-42940) from P-R (Professional Office and Parking) to M (Industrial) on 2.49 acres adjacent to the west side of Rancho Drive, approximately 355 feet north of Meade Avenue.
	The Planning Commission accepted a request to withdraw Rezoning (ZON-42941) from C-1 (Limited Commercial) to M (Industrial) on 14.72 acres located at the northwest corner of Desert Inn Road and Rancho Drive.

January 14, 2025 - Planning Commission Meeting

Off-Premise Sign (Billboard) Sign: [P.1-101 _ SWC of Rancho Drive and Meade Avenue]			
Standards	Code Requirements	Provided	Compliance
Height and Display Area - Signs within 660 feet of Interstate 15	No higher than 40 feet from grade at the point of construction	Sign is 80 feet tall.	N*
	An off-premise sign within 150 feet of the right-of-way line of an elevated freeway or highway to which it is oriented may be erected 30 feet above the elevation of the elevated roadway surface nearest the sign.	The proposed sign is approximately 130 feet from Interstate 15, which is elevated seven (7) feet above the proposed sign. This would allow a maximum height of 47 feet, which the proposed 80-foot height exceeds	N*
	An off-premise sign within 150 feet of the right-of-way line of any freeway or highway to which it is oriented which, at a height of 40 feet, will have a significant portion of its display surface obscured from view from the travel lanes of the freeway or highway may be increased to a maximum of 55 feet when authorized by the City Council.	The proposed sign is approximately 130 feet from Interstate 15, however the proposed sign will not have a significant portion of the display surface obscured from view. Also, the proposed 80-foot tall sign exceeds the 55 feet that can be authorized by City Council	N*
	The display surface shall not be higher than 30 feet nor wider than 60 feet.	The proposed display area for the sign is (17'6" x 60'), which is allowed	Y
Screening	All structural elements of an Off-Premise Sign to which the display panels are attached shall be screened from view.	All structural elements of the sign are screened from public view.	Y

JB

Off-Premise Sign (Billboard) Sign: [P.1-101 - SWC of Rancho Drive and Meade Avenue]			
Standards	Code Requirements	Provided	Compliance
Off-Premise Sign - Distance Separation	At least 750 feet to another Off-Premise Sign along Interstate 15 or at least 300 feet to another Off-premise Sign (if not along Interstate 15)	The sign is more than 750 feet from another Off-Premise Sign along Interstate 15 and is at least 300 feet from Off-Premise Sign not along Interstate 15	Y**
	At least 300 feet to the nearest property line of a lot in any "R" or "U" zoned districts.	Sign is more than 300 feet from any property line zoned either "R" or "U."	Y
Off-Premise Sign - Setbacks	Off-premise signs shall not be located closer than 10 feet to the right-of-way line of a freeway nor closer than 50 feet to the intersection of the present or future rights-of-way of any two public roads, streets or highways.	The sign is 130 feet away from the freeway and is 50 feet away from the intersection of Rancho Drive and Meade Avenue; 30 feet from Meade Avenue to the north and 25 feet to Rancho Drive to the east	Y
Other	All Off-Premise Signs shall be detached and permanently secured to the ground and shall not be located on property used for residential purposes.	Sign is permanently attached to the ground and is located on property zoned M (Industrial).	Y

*The applicant has requested a Variance (24-0578-VAR1) to allow an 80-foot tall Off-Premise Sign where 40 feet is the maximum allowed and to allow a 1,620 square-foot sign where 672 square feet is the maximum allowed.

**The applicant has indicated that the existing Off-Premise sign to the north located on APN 162-08-602-007 that is within 750 feet (575 Feet) of the subject sign will be demolished and removed if this project is approved. Also, the applicant has proposed an off-premise sign attached to Building #3 (parking garage) that is 745 feet from the proposed sign.

Pursuant to Title 19.12.120 the following standards apply:

Off-Premise Sign (Billboard) Sign: [B.1-103 _ East Elevation of Building #3 - Parking Garage]			
Standards	Code Requirements	Provided	Compliance
Location	No Off-Premise Sign may be located within public right-of-way	The sign is not in the public right-of-way, the sign is located on the east elevation of Building #3 (Parking Garage) of an existing commercial development on APN 162-08-303-034.	Y
Zoning	Off-Premise Signs are permitted in C-1, C-2, C-M, and M zoning districts only	Sign is in the M (Industrial) zoning district.	Y
Area	No Off-Premise Sign shall have a surface area greater than 672 square feet, except that an embellishment of not to exceed five feet above the regular rectangular surface of the sign may be added if the additional area contains no more than 128 square feet.	The Digital Display on the Off-Premise Sign is 600 square feet (30' x 20') in size and has no embellishments above the surface of the sign.	Y
Height	No higher than 40 feet from grade at the point of construction: may be raised to a maximum of 55 feet with approval of the City Council if significantly obscured from view of travel lanes.	60 feet tall	N*
Screening	All structural elements of an Off-Premise Sign to which the display panels are attached shall be screened from view.	All structural elements of the sign are screened from public view.	Y

Off-Premise Sign (Billboard) Sign: [B.1-103 _ East Elevation of Building #3 - Parking Garage]			
Standards	Code Requirements	Provided	Compliance
Off-Premise Sign	At least 750 feet to another Off-Premise Sign along Interstate 15 or at least 300 feet to another Off-premise Sign (if not along Interstate 15)	<p>The sign is more than 660 feet away the Interstate 15 right-of-way, so the required 750-foot separation from off-premise signs along the same frontage that can be read from Interstate 15 is not applicable.</p> <p>The proposed Off-Premise Sign is approximately 950 feet from the existing Off-Premise Sign on the Meade Avenue right-of-way to the west of APN 162-08-303-034. Also, approximately 745 feet from the proposed Off-Premise Sign (P.1-101) along Interstate 15 at the southwest corner of Meade Avenue and Rancho Drive (APN 162-08-710-002).</p>	Y
Off-Premise Sign	At least 300 feet to the nearest property line of a lot in any "R" or U" zoned districts.	Sign is more than 300 feet from any property line zoned either "R" or "U."	Y

BUILDING #2 - ROOF SIGNS*Pursuant to Title 19.08.120(F)(25)*

Roof Sign: - Building #2			
Standards	Allowed	Provided	Compliance
Maximum Number	1 sign per building elevation	The submitted building elevation and site plan drawing indicates there will be a roof sign on the south elevation of the building.	Y
Maximum Area	20% of the building elevation to which the sign is most nearly parallel to, up to a maximum of 150 square feet. The total combined area of all wall, window, roof, awning and marquee signs shall not exceed 20% of the building elevation to which they are attached	1,833 SQ/FT (100' x 18'4")	N*
Maximum Height	A roof sign shall not extend more than 8 feet above the top of wall, marquee or parapet to which it is attached. The total height of the building, including the sign, shall not exceed permitted height of the building in the zoning district in which it is located	18'4" FT	N*
Minimum Setback	N/A	N/A	N/A
Minimum Projection	A roof sign shall not project horizontally more than 4 feet from the roof to which it is attached. There shall be no additional message on the additional horizontal surface created by the projection	0 FT	Y

DEAR PLANNING COMMISSION,

AREA 15 CONTINUES TO WANT TO EXCEED
BOUNDARIES. LIGHT POLLUTION AND MORE
TRAFFIC TO A RESIDENTIAL SENIOR HOUSING
COMMUNITY AND A LOWER INCOME HOUSING
COMMUNITY.

THE MORE AREA 15 EXPANDS OUR
FEAR IS THEY WILL PUSH US OUT OF
OUR HOUSING AND DISPLACE
MORE CURRENTLY HOUSED
PEOPLE TO THE
STREETS.
