**PROJECT DESCRIPTION**

This is a stand-alone Rezoning request from R-E (Residence Estates) to C-2 (General Commercial) on 2.68 acres at the southwest corner of Washington Avenue and Harvey Munford Street.

**ISSUES**

- A Rezoning is requested from R-E (Residence Estates) to C-2 (General Commercial). Staff does not support the request.
- No development is proposed at this time.
- Code enforcement cases are open and pending resolution at the subject site for unpermitted demolition of a structure and the storing of shipping containers.
- The Las Vegas Valley Water District (LVVWD) has commented, "Civil plans will need to be submitted to LVVWD. Existing domestic service/fire protection may not be adequate."

**ANALYSIS**

The subject site consists of three undeveloped parcels located in the R-E (Residence Estates) zoning district, with a MXU (Mixed Use) Land Use Designation, which allows for both residential and commercial zoning districts and is subject to Title 19 development standards. The site is bordered on the west by Ahern Rentals property, zoned C-1 (Limited Commercial) and R-3 (Medium Density Residential). Properties across Washington Avenue to the north, are zoned R-E (Residence Estates) and developed with single-family dwellings. Properties located to the south of the subject site are zoned R-E (Residence Estates) and developed with single-family dwellings. To the east of the subject site, properties are zoned C-1 (Limited Commercial) with a developed convenience store and fuel pumps.

Per the submitted justification letter, the applicant has requested to Rezone the subject site from R-E (Residence Estates) to C-2 (General Commercial) with the intent to eventually expand the Ahern property located to the west of the site. The C-2 (General Commercial) zoning district allows retail, service, automotive, wholesale, office and other general business uses of an intense character, as well as mixed-use developments. This district should be located away from low and medium density residential development and may be used as a buffer between retail and industrial uses. At this time, no development is proposed, and any future development will require a Site Development Plan Review.

**January 15, 2025 - City Council Meeting**

The subject property is located within the West Las Vegas area of the City of Las Vegas 2050 Master Plan. This area is comprised of neighborhoods immediately surrounding the Historic Westside district of Downtown Las Vegas. Staff notes the proposed C-2 (General Commercial) zoning district will result in a case of “Spot Zoning”, which is defined as a, “Rezoning of a lot or parcel of land to benefit an owner for a use incompatible with surrounding land uses and does not further the General Plan.” Staff has determined that the proposed Rezoning from R-E (Residence Estates) to C-2 (General Commercial) is inappropriate and inconsistent with the adjacent single-family dwellings in the surrounding area, as the Rezoning would allow intense commercial uses commonly located along commercial corridors and other commercial areas to further encroach into an existing residential neighborhood. Therefore, staff recommends denial of the request.

**FINDINGS (24-0510-ZON1)**

In order to approve a Rezoning application, pursuant to Title 19.16.090(L), the Planning Commission or City Council must affirm the following:

**1. The proposal conforms to the General Plan.**

The proposed Rezoning application from R-E (Residence Estates) to C-2 (General Commercial) on the subject site is consistent with the existing MXU (Mixed Use) Land Use Designation.

**2. The uses which would be allowed on the subject property by approving the rezoning will be compatible with the surrounding land uses and zoning districts.**

The proposed Rezoning would allow uses that will not be compatible with the surrounding land uses. The C-2 (General Commercial) zoning district is designed to provide the broadest scope of compatible services for both the general and the traveling public. This category allows retail, service, automotive, wholesale, office and other general business uses of an intense character, as well as mixed-use developments. This district should be located away from low and medium density residential development and may be used as a buffer between retail and industrial uses.

**3. Growth and development factors in the community indicate the need for or appropriateness of the rezoning.**

Growth and development factors in the surrounding community do not indicate the need for general commercial zoning.

**January 15, 2025 - City Council Meeting**

**4. Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed zoning district.**

Site access is provided from Washington Avenue, an 80-foot wide Collector as designated by the Master Plan of Streets and Highways, and is adequate in size to meet the requirements of the proposed zoning district. However, Harvey Munford Street, a 40-foot wide Local Street as designated by Title 13, is not adequate in size to meet the needs of the proposed zoning district.
