Re: Vacation of public sewer easement

To whom it may concern:

The Public Works Department is formally requesting a vacation of a 5 foot wide public pedestrian access, fire hydrant, street lights, drainage facilities and traffic signal easement located along the boundary of APN 162-03-210-094. As described in the dedication certificate of Parcel Map File 130 Page 38. Recorded February 27, 2024. This parcel is also known as site of the Arts District Garage,

This vacation is being requested due to the change of garage footprint.

Thank you,

A handwritten signature in blue ink, appearing to read "Alan R. Riecki".

Alan R. Riecki
