- (b) If any such change causes an increase or decrease in the cost of, or the time required for, performance of any part of the work under this Contract, the Company shall provide current, complete, and accurate documentation to the City in support of any request for equitable adjustment.
- (c) The Company must assert its right to an adjustment under this clause within thirty (30) days from the date of receipt of the written order, or shall otherwise be barred and shall have waived any right to an adjustment under this clause.
- (d) The parties shall negotiate a timely requested equitable adjustment by mutual written agreement and the change will be effected by purchase order revision. Failure to agree to any adjustment shall be a dispute under Section E-2, "Disputes"; however, nothing in this clause shall excuse the Company from proceeding with the Contract as changed.

E-9 Entire Contract, Section and Paragraph Headings [CAO-4/2020]

- (a) This Contract represents the entire and integrated agreement between the City and the Company. It supersedes all prior and contemporaneous understandings, negotiations, communications, representations, and agreements, whether oral or written, relating to the subject matter of this Contract.
- (b) The section and paragraph headings appearing in this Contract are inserted for the purpose of convenience and ready reference. They do not purport to define, limit, or extend the scope or intent of the language of the sections and paragraphs to which they pertain.

E-10 Order of Precedence [CAO-7/24/08]

In the event of a conflict between the specific language set forth in Sections A through E of this Contract and any Attachment or Exhibit, the specific language in Sections A through E shall prevail. Any exception to this order of precedence will be addressed through specific language elsewhere in Sections A through E.

E-11 Severability [CAO-7/24/08]

The invalidity, illegality, or unenforceability of any provision of this Contract or the occurrence of any event rendering any portion or provision of this Contract void shall in no way affect the validity or enforceability of any other portion or provision of this Contract. Any void provision shall be deemed severed from this Contract, and the balance of this Contract shall be construed and enforced as if this Contract did not contain the particular portion or provision held to be void. The parties further agree to amend this Contract to replace any stricken provision with a valid provision that comes as close as possible to the intent of the stricken provision. The provisions of this clause shall not prevent this entire Contract from being void should a provision which is of the essence of this Contract be determined void.

E-12 Waiver [CAO-7/24/08]

Waiver of any of the terms of this Contract shall not be valid unless it is in writing signed by each party. The failure of the City to enforce any of the provisions of this Contract, or to require performance of any of the provisions herein, shall not in any way be construed as a waiver of such provisions or to affect the validity of any part of this Contract, or to affect the right of the City to thereafter enforce each and every provision of this Contract. Waiver of any breach of this Contract shall not be held to be a waiver of any other or subsequent breach of this Contract.

E-13 Modification/Amendment [CAO-7/24/08]

This Contract shall not be modified or amended except by the express written agreement of the parties, signed by a duly authorized representative for each party. Any other attempt to modify or amend this Contract shall be null and void, and may not be relied upon by either party.

E-14 Assignment [CAO-7/24/08]

Neither party may assign their rights nor delegate their duties under this Contract without the written consent of the other party. Such consent shall not be withheld unreasonably. Any assignment or delegation shall not relieve any party of its obligations under this Contract.

E-15 Indemnification [CAO-4/2020]

- (a) In addition to the insurance requirements set forth in Section D-6, "Insurance", and not in lieu thereof, the Company shall protect, defend, indemnify and hold harmless the City, its elected officials, officers, employees, agents, and consultants (collectively herein the "City") from and against any and all claims, liabilities, damages, losses, suits, actions, decrees, arbitration awards and judgments including attorney's fees, court costs or other expenses of any and every kind or character (collectively herein the "Liabilities") which may be recovered from or sought against the City, as a result of, by reason of, or as a consequence of (i) any act or omission, negligent or otherwise, on the part of the Company, its officers, employees, independent contractors, vendors, suppliers, consultants, or agents in the performance of the terms, conditions and covenants of the Contract; or (ii) a breach of any agreement between the Company and its employees, vendors, independent contractors, suppliers, consultants or agents; or (iii) any default in the performance of any obligation on Company's part to be performed under the terms of this Contract, regardless of whether the Liabilities were caused in part by the City. Company agrees that it is assuming the sole risk of any Liabilities related to the contraction by Company's officers, employees, vendors, suppliers, agents, independent contractors, and consultants or any other person of any viral infection or other disease, including, without limitation, COVID 19, related to the performance of this Contract and that Company's indemnity obligations contained herein cover any such Liabilities. In no event shall the language in this Section constitute or be construed as a waiver or limitation of the City's rights or defenses with regard to sovereign immunity, governmental immunity, or other official immunities and protections as provided by the Federal and State Constitutions or by law.
- (b) If a third party claim against the City for negligent performance by the Company is within the limits of its liability insurance, and the insurance company has accepted the City's tender of defense, then the City will pay the Company what is due and owing to them within the payment method specified in this Contract. However, if the claim is greater than the coverage amount, the City, for its protection, may retain any money due and owing the Company under this Contract, until the claim has been resolved. In the event no money is due and owing, the surety, if required, of the Company, may be held until all of the Liabilities have been settled and suitable evidence to that effect furnished to the City.
- (c) It is expressly agreed that the Company shall defend the City at Company's expense, by legal counsel reasonably satisfactory to City, against the Liabilities and in the event that the Company fails to do so, the City shall have the right, but not the obligation, to defend the same and to charge all direct and incidental costs, including attorney's fees and court costs, to the Company. Company's indemnity obligations herein are not intended to nor shall they relieve any insurance carrier of its obligations under policies required to be carried by Company pursuant to the provisions of this Contract. Company's obligations under this Section shall survive any termination of this Contract.

E-16 Patent Indemnity [CAO-12/30/2020]

The Company hereby indemnifies and shall defend and hold harmless the City and its representatives respectively from and against all claims, losses, costs, damages, and expenses, including attorney's fees, incurred by City and its representatives, respectively, as a result of or in connection with any claims or actions based upon infringement or alleged infringement of any patent or other intellectual property and arising out of the use of the equipment or materials furnished under the contract by the Company, or out of the processes or actions employed by, or on behalf of the Company in connection with the performance of the Contract. The Company shall, at its sole expense, by legal counsel reasonably satisfactory to City, promptly defend against any such claim or action unless directed otherwise by the City or its representative; provided that the City or its representatives shall have notified the Company upon becoming aware of such claims or actions, and provided further that the Company's aforementioned obligations shall not apply to equipment, materials, or processes furnished or specified by the City or its representatives.

If the Company goes out of business, the Company shall forward the books and records to the City to be retained by the City for the period of time required herein.
- (b) The City or its designated representative(s) shall have the right to inspect and audit (including the right to copy and/or transcribe) the books and records of the Company pertaining to the performance of this Contract during normal business hours. The City will provide prior written notice to the Company of the audit and inspection. If the books and records are

not located within Clark County, the Company agrees to deliver them to the City, or to an address designated by the City within Clark County. In lieu of such delivery, the Company may elect to reimburse the City for the cost of travel (including transportation, lodging, meals, and other related expenses) to inspect and audit the books and records at the Company's office. If the books and records provided to the City are incomplete, the Company agrees to remedy the deficiency after written notice thereof from the City, and to reimburse the City for any additional costs associated therewith including, without limitation, having to revisit the Company's office. The Company's failure to remedy the deficiency shall constitute a material breach of this Contract. The City shall be entitled to its costs and reasonable attorney fees in enforcing the provisions of this Section.

- (c) If at any time during the term of this Contract, or at any time after the expiration or termination of the Contract, the City or the City's designated representative(s) find the dollar liability is less than payments made by the City to the Company, the Company agrees that the difference shall be either: (i) repaid immediately by the Company to the City or (ii) at the City's option, credited against any future billings due the Company.

The Company will use at least the same standard of care and exercise equivalent security measures to maintain the confidentiality of the City's information that it uses to maintain the confidentiality of its own confidential information; provided in no event shall such standard be less than reasonable care. The Company shall have the right to use any such confidential information only for the purpose of providing the services under this Contract, unless the express prior, written consent of the City is obtained. City shall be and remain the sole owner of such confidential information. Nothing contained in this Contract shall be construed as granting or conferring any right or license in the City's information or in any patents, software, or other technology, either expressly or by implication to the Company. Upon request by the City, the Company shall promptly return to the City all confidential information supplied by the City, together with all copies and extracts. Company is required to employ the highest ethical standards and shall avoid those actions that are inconsistent with the City's best interest.
- (b) The confidentiality requirements shall not apply where (i) the information is, at the time of disclosure by the City, then in the public domain; (ii) the information is known to the Company prior to obtaining the same from the City; (iii) the information is obtained by the Company from a third party who did not receive the same directly or indirectly from the City; or (iv) the information is subpoenaed by court order or other legal process, but in such event, the Company shall notify the City. All deliverables produced under this Contract, as well as all data, notes and documentation collected on behalf of the City, are exclusively the property of the City. The Company shall have no property interest in, and may assert no claim or lien on, or right to withhold from the City, or right to use said data other than in performance of its obligations pursuant to this Contract, any data it receives from, receives access to, or stores on behalf of the City. At any time during the term of this Contract, and within thirty (30) days of the expiration or termination of this Contract, the Company will upon request return the data to the City at no charge in the format held by Company. On City request, the Company will delete all City data and will provide appropriate certification to the City to document the disposal. The Company shall promptly notify the City if the Company becomes aware of any unauthorized access, acquisition, disclosure, use, modification, destruction or other misuse of the City's data or other confidential information, and shall fully cooperate with the City in any legal action taken by the City to enforce its rights therein. This Section shall survive termination or expiration of this Contract.

SCOPE OF WORK**1. OVERVIEW**
