Re: Extension of time for 21-0659

To Whom It May Concern:

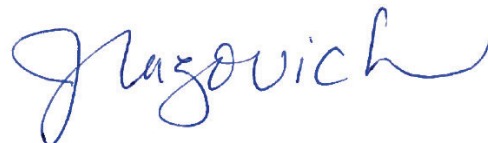

This office represents the applicant with regard to the above referenced matter. On January 19, 2022, the above-referenced zoning application was approved by the Las Vegas City Council.

The purpose of this letter is to request an extension of time for the previously approved entitlements on the property via 21-0659. The Applicant is diligently moving forward with the project, however, additional time is needed to commence the use.

Thank you very much for your consideration of this very important matter. Please contact me with any questions or concerns.

Sincerely,

KAEMPFER CROWELL

Jennifer Lazovich
