**** STAFF REPORT ****

PROJECT DESCRIPTION

The applicant is requesting a Special Use Permit for a proposed Alcohol, On-Premise Full use at 116 North 3rd Street.

ISSUES

- An Alcohol, On-Premise Full use is permitted in the C-2 (General Commercial) zoning district with the approval of a Special Use Permit.

ANALYSIS

The applicant has proposed to develop an 8,526 square-foot Alcohol, On-Premise Full use with a 183 square-foot outdoor patio area at 116 North 3rd Street. The building was recently developed as a shell for a restaurant building through the building permit (C22-02515) that was issued on 04/05/23 and approved 01/22/24. The subject site is zoned C-2 (General Commercial) and is subject to Title 19 development standards.

The subject site is within the Resort and Casino District as set forth in the Vision 2045 Downtown Las Vegas Master Plan, in close proximity to the Fremont Street Experience, the center of gaming and hospitality in Downtown Las Vegas. The proposed restaurant will have frontage along the 3rd Street pedestrian mall, a recently improved park space in the 3rd Street right-of-way between Ogden Avenue and Fremont Street. An extension of the Fremont Street Experience exclusive pedestrian zone, this pedestrian mall has an enhanced pedestrian experience, with street trees, colored pavement, pedestrian safety features and pedestrian oriented lighting. The proposed restaurant will contribute to the commercial activity in the core of Downtown and the city's tourist experience.

The Alcohol, On-Premise Full use is defined as "An establishment licensed to sell alcoholic beverages, not limited to the sale of beer, wine and coolers, for consumption on the premises where the same are sold." The proposed use meets this definition. An approved Special Use Permit is required for any establishment proposing an Alcohol, On-Premise Full use.

The Minimum Special Use Permit Requirements for this use include:

1. Pursuant to its general authority to regulate the sale of alcoholic beverages, the City Council declares that the public health, safety and general welfare of the City are best promoted and protected by generally requiring a minimum distance separation between an Alcohol, On-Premise Full establishment and certain other uses that should be protected from the impacts associated with that establishment. Therefore, except as otherwise provided in these Requirements, no Alcohol, On-Premise Full establishment may be located within 400 feet of any of the following uses: a. Church/house of worship; b. School; c. Individual care center licensed for more than 12 children; or d. City park.

The proposed Alcohol, On-Premise Full establishment meets this requirement as it is not within 400 feet of any of the uses listed above.

2. The distance separation requirement set forth in Requirement 1 does not apply to the following: An establishment which has a non-restricted gaming license in connection with a hotel having 200 or more guest rooms on or before July 1, 1992, or in connection with a resort hotel having in excess of 200 guest rooms after July 1, 1992; or Any Alcohol, On-Premise Full use located on property within the Pedestrian Mall, as defined in LVMC Chapter 11.68; the Downtown Entertainment Overlay District, as described in LVMC 19.10.120; or the 18b Arts District, as described in Appendix F to this Title. The Special Use Permit approval may include conditions designed to mitigate any impacts related to distance separation.

The requirement is not applicable, the subject is not an establishment which has a non-restricted gaming license in connection with a hotel having 200 or more guest rooms on or before July 1, 1992, or in connection with a resort hotel having in excess of 200 guest rooms after July 1, 1992.

The proposed Alcohol, On-Premise Full is compatible with surrounding land uses. The surrounding land uses include casino, restaurant, and retail uses. The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan. Therefore, staff recommends approval of the requested Special Use Permit.

FINDINGS (24-0050-SUP1)

In order to approve a Special Use Permit application, per Title 19.16.110(L) the Planning Commission and City Council must affirm the following:
