Re: Tenaya & Bilpar
Case: 23-0595
APN: 125-22-801-011
Abeyance Request

To whom it may concern:

Taney Engineering, on behalf of Adaven Homes, respectfully submits this request to continue 23-0595 from the March 12, 2024, Planning Commission meeting agenda to the May 14, 2024, Planning Commission meeting agenda. Additionally, we request that these items be continued from the March 20, 2024, City Council meeting agenda to the June 26, 2024, City Council meeting agenda. This deferral is due to a discussion held with the Planning Commissioner and the Councilwoman, during which adjustments were requested. Consequently, time is required to implement these changes.

Thank you for your attention to this request. If you have any questions or require additional information, please contact us at (702) 362-8844.

Sincerely,

Susan Florian
Land Planner

Submitted after final agenda

Formstack Submission For: Planning App Comments

Submitted at 03/06/24 8:12 AM

Meeting Date: Tuesday, March 12, 2024

Project Number: 23-0595

Position: I OPPOSE the project and all related applications.

Name: Shari Webb

Residential or Business Address: 6655 N Torrey Pines
Las Vegas, NV 89131

Comments: The east side of Tenaya is a rural preservation area. This area is home to horse and cattle ranches and everything that goes with it, including manure, odors, and flies. Multi-family or commercial developments are not appropriate adjacencies. These neighborhoods are better buffered with slightly higher density single-family housing.

Comments: I oppose this project due to the fact that it would be located in a rural preservation area. I work and live in this area. This is a unique area of horse and cattle farms. High density housing is not appropriate for this area. Only single family homes are appropriate for this unique area. The rural preservation should be upheld.

Comments: The east side of Tenaya surrounding and adjacent to the proposed location for this project is a rural preservation area. This area is home to horse and cattle ranches and everything that goes with it, including tractors, manure, and insects. Multi-family or commercial developments are not appropriate adjacencies for this area and may negatively affect the value of homes in this neighborhood as well. This neighborhood is better served with single-family housing adjacent.

This neighborhood has already felt a negative impact due to apartments built

Item 16
P

nearby including such incidences as vandalism, trespassing, squatting, break-ins, and the occasional loss of animal life. We would really appreciate it if these incidences would not continue, but would happily settle for them at least not increasing in frequency and severity.

Stopping this development would not only help those of us who live here but may well prevent injury to those who are not familiar with livestock who may move in to this proposed development. Horses can easily bite, kick, or otherwise injure people who are unaware of how to handle or be around them, and I have personally witnessed people coming here from nearby neighborhoods to feed treats to horses that do not belong to them without any consent from the owners of those horses. I even witnessed a man lift his toddler up over a wall to pet one of my family's horses who was a young and untrained stallion and who could have easily killed or maimed that child.

My home is located only one lot off of Tenaya and the precedent this could set for building these types of developments along the east side of Tenaya would have a devastating effect on my land and any of the few properties like mine that are desperately clinging to this rural lifestyle and the safety of our animals.

Preventing this multifamily development from going forward is the safest option for all those involved.

Comments:

Allowing what is basically a multi-family project on the east side of Tenaya is wrong on so many fronts. First the Blue Marble VUE development came in & i actually was a part of the solution to appease the neighbors on all sides with successful negotiations with the owners Blue Marble. There is not another development on the east side of Tenaya that matches the density requested with this one. The sheer number of variances they are requesting easily points out that the developer packing way to much density into this site.

Comments:

This is a Shrinking rural Ag area we don't need city town homes or Luxury apartments we already have a to many across road from us that we fought and fought and lost !!! I don t think these town home are going to like our cows and horses . Need to keep it Larger homes with horses allowed Not Town homes, Not apartments.. this is a rural country area That is being eaten up and by this and commercial building and our history that made Vegas will be gone. Binion horseshoe promoted Country and cowboy with A total theme of Cowboy and country Tule springs/Floyd Lamb park. has been changed feom what it used to be .

Item 16
P

We are the Home of NFR and That brings in Major money for Vegas. Where will the horses and cowboys go if they cant have a place to keep a horse because their is not enough at Southpoint and other events, Thomas and Mack , Market place , new Orleans and other places during NFR . Our property is considered Home of UNLV Rodeo Team. Where will they go if the town homes go in and start to complain about animals. The dust and smell of country is not for city folk for some reason. Remember The Combs oig farm has been moved how many times? 3 because if smell. So Dont Kill Rodeo. Don't Kill Country life by putting in more of these city townhouses or apartments. We are County and rural like not City and lets keep it that wayPlease! May and John McInnis home of UNLV Rodeo Team since 1987! Thanks to Bill B McInnis on getting it done! Dont kill our neighborhood so you can make a dollar for stuffing lots people into small area s. Billy Joe McInnis my husbands brother also next to us and the keeper of the UNLV team . And the Southpoint owner Mike Gaughns lives behind us with his horses and livestock. and The Budweiser Clydesdales stay during NFR and super bowl! Think hard on this people! Look at this little island of county rural and respect it and keep it not Destroy it!

Thank you ,
May McInnis ,John McInnis & Teagan McInnis

Comments:

Why are we still allowing building? We are in a water drought and land shortage. Don't let the little bit of water we have recently received put us in a false sense of security. This is not a sustainable decision. This is irresponsible on the city's part. Don't let the power of the dollar dictate a bad decision. This is rural area that should remain rural. We don't have much of that left in the valley. Instead of building on what little land is left we should be proactive in being responsible stewards of the land. This decision is not being responsible.
