**\*\* STAFF REPORT \*\***

**PROJECT DESCRIPTION**

This is an application to add eight fuel pumps and canopy to an existing commercial development on 1.60 acres at 5590 North Rainbow Boulevard.

**ISSUES**

- This is a Major Amendment to a previously approved Site Development Plan Review (SDR-60983). Staff recommends approval of the request.
- The proposed addition will add eight fuel pumps and canopy to the subject site. All the perimeter landscaping shall remain as previously approved pursuant to Site Development Plan Review (SDR-60983).

**ANALYSIS**

The subject site is within the Rancho area of the 2050 City of Las Vegas Master Plan. The subject site is zoned C-1 (Limited Commercial). The C-1 District is intended to provide most retail shopping and personal services, and may be appropriate for mixed use developments. This district should be located on the periphery of residential neighborhoods and should be confined to the intersections of primary and secondary thoroughfares along major retail corridors.

Per the submitted Justification Letter, the proposed addition will be approximately eight fuel pumps and canopy. There is an existing convenience store and gasoline station on the subject site. Per the submitted plans, the new proposed fuel pumps and canopy will have no impact to the existing landscaping or parking. The perimeter landscape buffers, and parking lot landscaping were installed with the development of the site in 2017.

The proposed site for the new eight fuel pumps and 3,000-square-foot canopy replaces previously approved drive-thru restaurant. With the decision to eliminate the drive-thru restaurant from the plan, it is imperative to acknowledge that this adjustment will lead to a decrease in the total number of on-site parking spaces that are required. The new fuel canopy location complies with all setback requirements and has no impact on required parking.

**December 12, 2023 - Planning Commission Meeting**

The proposed addition will incorporate stucco over stone veneer with a color and texture that aligns with the existing fuel pumps and canopy. As a result, the proposed addition will seamlessly blend with the surrounding structures in terms of its appearance.

As the proposed fuel pumps and canopy adheres to all Title 19 development standards, staff recommends approval of the requested Site Development Plan Review (23-0310-SDR1), subject to conditions.

**FINDINGS – SITE DEVELOPMENT PLAN REVIEW (23-0310-SDR1)**

In order to approve a Site Development Plan application, per Title 19.16.100(E) the following shall be affirmed:

- 1. The proposed development is compatible with adjacent development and development in the area;**

The proposed development is compatible with adjacent development and development in the area as the proposed addition will incorporate stucco over stone veneer with a color and texture that aligns with the existing fuel pumps and canopy.

- 2. The proposed development is consistent with the General Plan, this Title, and other duly-adopted city plans, policies and standards;**

The proposed development adheres to all applicable City Plans. The fuel pumps and canopy use is consistent with Title 19 design standards for commercial development in a C-1 (Limited Commercial) zone.

- 3. Site access and circulation do not negatively impact adjacent roadways or neighborhood traffic;**

The site is accessed by Rainbow Boulevard and Ann Road both are 100-foot Primary Arterial, as designated by the Master Plan of Streets and Highways and are adequate for the proposed development.

- 4. Building and landscape materials are appropriate for the area and for the City;**

There will be no changes to the existing building and landscape, the proposed building materials are appropriate for the area and for the City. The modern building materials and desert landscaping are appropriate for the location.
