Agenda items that are developed for approval by the Clark County School Board of School Trustees (Board) frequently require a District administrator to represent the Board for signing project documents. This expedites the paperwork process and enables smooth transition between phases in the progress of construction-related projects.

Staff requests the resolution to authorize Mark Campbell, Interim Chief of Facilities, to act as the Board's designee to sign all construction project related documents, including documents granting easements for public utilities, utility design applications, construction contracts, design services agreements, and other documents and correspondence necessary pertinent to the acquisition and disposition of ownership rights to lands under local, state, or federal jurisdiction for educational and related school facilities.

The Resolution has been reviewed by the office of the General Counsel and approved as to form.

Discussion and possible action on approval to authorize Mark Campbell, Interim Chief of Facilities, to act as the Clark County School District Board of School Trustees designee to sign all construction project related documents, including documents granting; rights-of-way, easements, agreements, applications, and leasing of building or property needed for the Clark County School District, and other documents, and correspondence pertinent to the development of lands under local, state, or federal jurisdiction for educational and related school facilities.
