**** STAFF REPORT ****

PROJECT DESCRIPTION

The applicant is requesting an Extension of Time for an approved Site Development Plan Review (21-0516-SDR1) for a proposed multi-family and retail building development on 16.41 acres at the northeast corner of Centennial Parkway and John Herbert Boulevard. This is the first requested Extension of Time for this application.

ISSUES

- This is the first Extension of Time request for the approved Site Development Plan Review (21-0516-SDR1).
- Site Development Plan Review (21-0516-SDR1) has an expiration date of December 15, 2023. The Applicant submitted the request for an Extension of Time on September 22, 2023.

ANALYSIS

On December 15, 2021 the City Council approved a Site Development Plan Review (21-0516-SDR1) for a proposed 498,343 square-foot development consisting of two and four-story multi-family and single-story retail buildings with Waivers of the Town Center Development Standards Manual on 16.41 acres at the northeast corner of Centennial Parkway and John Herbert Boulevard. Per Condition #2 of the approved Site Development Plan Review (21-0516-SDR1) the entitlement will expire on December 15, 2023, unless an Extension of Time is granted.

Title 19.16.100 of the Unified Development Code deems a Site Development Plan Review exercised upon the issuance of a building permit. On January 17th, 2023 the Department of Community Development - Building and Safety Division issued a permit (#C22-02163) for early grading on the subject site. Multiple corresponding building permits have been submitted for site improvements including civil improvements, commercial buildings, clubhouse and townhomes that were submitted between the dates of May 22nd, 2022 to December 06th, 2022; however none of these permits have been issued.

Staff Report Page Two
December 06, 2023- City Council Meeting

Since, no building permits have been issued the Site Development Plan Review is set to expire. Pursuant to the submitted Justification Letter, the applicant has requested a two-year Extension of Time to ensure the Site Development Plan Review does not expire and has cited that the project was delayed because the applicant needs additional time to finalize the development plans.

Staff supports this requested Extension of Time, which will allow the applicant additional time to finalize development plans, since the proposed development use still can be conducted in a manner that is harmonious and compatible with the existing single-family detached dwellings in the surrounding area.

FINDINGS (23-0508-EOT1)

The Site Development Plan Review (21-0516-SDR1) has not been exercised in accordance with the requirements of Title 19.16, as a building permit has not been issued for the proposed development. Staff recommends approval of this Extension of Time request with a two-year time limit, as the proposed development still can be conducted in a manner that is harmonious and compatible with the existing single-family detached dwellings located in the surrounding area.

BACKGROUND INFORMATION

<i>Related Relevant City Actions by Planning, Fire, Code Enforcement, etc.</i>	
01/18/06	The City Council approved a General Plan Amendment (GPA-9146) to amend the Centennial Hills Sector Plan to allow four-story buildings within the SX-TC (Suburban Mixed Use – Town Center) special land use designation, under certain conditions. The Planning Commission recommended denial. Staff recommended approval.
	The City Council approved a Rezoning (ZON-9908) from U (Undeveloped) [TC (Town Center) General Plan designation to T-C (Town Center) on 20.12 acres at the northwest corner of Centennial Parkway and Monte Cristo Way. The Planning Commission and staff recommended approval.
	The City Council approved a Major Modification (MOD-9918) of the Town Center Development Standards to allow four stories in SX-TC (Suburban Mixed Use – Town Center) where two stories was the maximum height allowed, under certain conditions. The Planning Commission and staff recommended approval.
12/16/09	The City Council approved a Petition to Vacate (VAC-36135) existing public sewer and drainage easements generally located on the south side of Darling Road, approximately 600 feet west of Tenaya Way. The Order of Vacation was recorded 02/17/10.
