

**INTERLOCAL CONTRACT  
HUB 5 INTELLIGENT TRANSPORTATION SYSTEMS FACILITY**

**THIS INTERLOCAL CONTRACT** is made and entered into this 8<sup>TH</sup> day of February 2024, by and between Clark County, a political subdivision; the City of Las Vegas, a municipal corporation; the City of North Las Vegas, a municipal corporation; the City of Henderson, a municipal corporation; the City of Boulder City, a municipal corporation; and the City of Mesquite, a municipal corporation; hereinafter referred to individually as “ENTITY” or collectively as “ENTITIES,” and the Regional Transportation Commission of Southern Nevada, hereinafter referred to as “RTC.” The RTC and the ENTITIES are hereinafter referred to individually as “PARTY” or collectively as “PARTIES.”

**W I T N E S S E T H**

**WHEREAS**, the ENTITIES intends to commence the design of Hub 5 Intelligent Transportation Systems Facility, hereinafter referred to as “PROJECT;” and

**WHEREAS**, Nevada Revised Statutes (NRS) Chapter 277.180 authorizes any one or more public agencies to contract with any one or more other public agencies to perform any governmental services, activity or undertaking which any of the public agencies entering into the agreement is authorized by law to perform and refers to such as an interlocal contract; and

**WHEREAS**, the ENTITIES agrees to conform to the current RTC Policies and Procedures, as amended and incorporated herein by reference; and

**WHEREAS**, the RTC will be the lead agency for the PROJECT; and

**NOW, THEREFORE**, in consideration of the covenants, conditions, agreements, and promises of the PARTIES hereto, the PARTIES agree to proceed as follows:

**SECTION I: SCOPE OF PROJECT**

This Interlocal Contract applies to the Hub 5 Communications Building, located at 416 North 8<sup>TH</sup> Street in Las Vegas (beneath the viaduct), is slated for relocation due to the impending Nevada Department of Transportation (NDOT) I-515 Project, which aims to take down the downtown Viaduct. Hub 5 serves as a key network component in the regional transportation communication system, and a new facility will provide enhanced security and sustainability for the communication network. The RTC intends to enlist Jacobs Engineering to conduct a Needs Assessment Report (NAR) and, potentially, aid in securing a design consultant. Within the NAR, Jacobs will explore various options for the new location, emphasizing the importance of proximity to the existing hub in the downtown area, given the significant quantity of terminated fiber optic cables at the current site.

**SECTION II: PROJECT COSTS**

The RTC agrees to provide funding for all costs associated with the PROJECT from the Highway Improvement Acquisition Fund as outlined below:

1. The total cost for this contract shall not exceed \$500,000.00.
2. Authorizations to Proceed (ATP) are granted as follows:
  - a. ENGINEERING not to exceed \$500,000.00
  - b. RIGHT-OF-WAY not to exceed \$0.00
  - c. CONSTRUCTION not to exceed \$0.00
3. At the time the ATP for construction is granted, the ENTITIES will make all attempts to publish the bid for this PROJECT within 90 calendar days.
4. A supplemental interlocal contract will be required for any changes to the amounts identified in number 2 above.

### **SECTION III: GENERAL**

1. It is understood and agreed that the purpose of this Interlocal Contract is to fund the PROJECT as herein above set forth. It is further understood and agreed that the RTC is responsible for the design of the PROJECT. The RTC will be responsible for the actions or inactions of its Officers and Employees.
2. The PROJECT must be completed to satisfaction of the RTC prior to the current applicable completion date of June 30, 2029. The RTC may, at any time thereafter, grant time extensions or terminate this Contract.
3. The RTC disavows any responsibility for the actions or inactions of the ENTITIES, their Officers, Employees, or agents.
