**March 11, 2025 - Planning Commission Meeting**

**\*\* STAFF REPORT \*\***

**PROJECT DESCRIPTION**

The applicant is requesting Extensions of Time for approved entitlements related to the proposed conversion of a single-family dwelling and commercial building into a tavern with full on-premise alcohol sales on 0.17 acres at 710 and 712 South 1st Street.

**ISSUES**

- These are the fourth Extension of Time requests for the approved entitlements. Since the previous Extension, the applicant has acquired the property from the previous owner and demolished the residential dwelling.
- No applications for building permits or business licenses that would exercise the approved entitlements have been submitted for review. A new owner acquired the property in September 2024 and intends to exercise the entitlements as approved.
- The two legal lots that previously made up the site were reverted to acreage in September 2019.
- Minor Amendments (21-0048-SUP1 and 21-0048-SDR1) of the previously approved Special Use Permit (SUP-67886) and Site Development Plan Review (SDR-67888) were administratively approved in March 2021 to allow a reduction in size of the building and outdoor seating area. These amendment approvals are concurrent with the parent cases.

**ANALYSIS**

The site is zoned C-M (Commercial/Industrial) with a C (Commercial) General Plan designation. The property is located within the Redevelopment Area. The site is adjacent to commercial and industrial uses on the north, south and east, and an NV Energy substation to the west. At the time the Special Use Permit and Site Development Plan Review were approved, the subject site contained both a commercial and residential building. The residential building has since been removed.

**Staff Report Page Two  
March 11, 2025 - Planning Commission Meeting**

The requested extensions are for the following Planning Commission approvals on January 10, 2017:

- SUP-67786 - for a proposed 3,173 square-foot Liquor Establishment (Tavern) use with a 3,936 square-foot outdoor seating area. Staff had recommended approval.
- SDR-67888 - for the proposed conversion of a single-family residential dwelling and commercial building to a 3,173 square-foot tavern with a 3,936 square-foot outdoor seating area. Staff had recommended approval.

Running concurrently with these approvals are two minor amendments approved in 2021 reducing the size of the building and use from 3,173 square feet to 2,580 square feet with 3,900 square feet of outdoor seating area.

No building permits have been issued for redevelopment of the property, and no applications for permit have yet been submitted for review. The property was purchased by a new owner in September 2024. According to the applicant, the COVID-19 pandemic paused plans for the tavern and prompted a scaled-back design to minimize construction costs, but the new owner intends to redevelop the site as approved. No timeline for submittal of the plans was provided by the applicant.

During a recent field check, staff noted that the residential building had been removed and a crew was cleaning up debris from the site. The existing building has been repainted, although graffiti was noted on the south side at the time of inspection.

**FINDINGS (25-0003-EOT1 and EOT2)**

The area remains commercial and industrial in character and the proposed use is appropriate for this site. However, as eight years have elapsed since the original approvals and these are the fourth requests, the applicant will need to show cause to justify the extensions. Plans for development of the property have not yet been submitted for review. Staff therefore recommends denial of the requests. If denied, the Special Use Permit (SUP-67886), Site Development Plan Review (SDR-67888) and all minor amendments will be deemed expired as of January 10, 2025.
