PURPOSE/BACKGROUND:

The members of the Traffic and Parking Commission are appointed by the Mayor and confirmed by the City Council such that one member shall reside in and represent each of the six Wards and one member shall represent the City as a whole. Terms are four years; there is no requirement to fill unexpired portions of terms and no limit to the number of terms which may be served. The Ward 2 seat on this board is currently vacant.

The Traffic Signal Capital Improvements Advisory Committee was created by NRS 278B.150, specifically by R-121-2002, adopted by the City Council on November 6, 2002. The committee consists of 9 members, with 2 or more members representing Residential and Commercial Building Industries. There are no term limits; each member serves until replaced by City Council action. Any member of the City Council may make a recommendation to fill this seat, however, it is usually done in conjunction with the replacement of a Ward specific seat on the Traffic and Parking Commission. The Ward 2 seat on this board is currently vacant.

RECOMMENDATION:

Options are: Appoint Mr. Stamper to one or both boards or, direct staff to bring forward an item(s) to a future meeting to appoint nominees to serve in these seats.
