To Whom It May Concern,

I, Maria Hernandez, request that my variance to be approved for the carport, patio cover, fence, and shed. My husband built the carport before he passed away and he made it for his grandchildren to play in the shade and also to keep cars cool in the hot temperatures. The fence was also built by my husband and it provides safety for my family, especially for my grandchildren. Both the carport and fence have sentimental value because he passed away. The patio cover provides shade for the family and the storage shed helps store items that I do not have room for.

Thank you for your assistance with this request.

Sincerely,

Maria Hernandez
