**** CONDITIONS ****

22-0272-SDR1 CONDITIONS

Planning

1. Approval of Rezoning (22-0272-ZON1) shall be required, if approved.
2. This approval shall be void two years from the date of final approval, unless exercised pursuant to the provisions of LVMC Title 19.16. An Extension of Time may be filed for consideration by the City of Las Vegas.
3. All development shall be in conformance with the site plan, landscape plan, and building elevations, date stamped 05/19/22, except as amended by conditions herein.
4. A Waiver from Title 19.16.110 is hereby approved, to allow no perimeter landscape buffer on the east interior lot line where eight feet is required.
5. An Exception from 19.08.110 is hereby approved, to allow no parking lot landscape islands where five are required.
6. All necessary building permits shall be obtained and final inspections shall be completed in compliance with Title 19 and all codes as required by the Department of Building and Safety.
7. These Conditions of Approval shall be affixed to the cover sheet of any plan set submitted for building permit.
8. A technical landscape plan, signed and sealed by a Registered Architect, Landscape Architect, Residential Designer or Civil Engineer, must be submitted prior to or at the same time application is made for a building permit. A permanent underground sprinkler system is required, which shall be permanently maintained in a satisfactory manner; the landscape plan shall include irrigation specifications. Installed landscaping shall not impede visibility of any traffic control device.
9. A fully operational fire protection system, including fire apparatus roads, fire hydrants and water supply, shall be installed and shall be functioning prior to construction of any combustible structures.

Conditions Page Two
September 21, 2022 - City Council Meeting

10. The applicant shall coordinate with the City Surveyor and other city staff to determine the most appropriate mapping action necessary to consolidate the existing lots. The mapping action shall be completed and recorded prior to the issuance of any building permits.
11. All City Code requirements and design standards of all City Departments must be satisfied, except as modified herein.

Public Works

12. The sidewalk adjacent to this site shall meet Public Right-of-Way Accessibility Guidelines (PROWAG) in accordance with code requirements of Title 13.36.040 to the satisfaction of the City Engineer concurrent with development of this site. Grant any Pedestrian Access Easement needed to complete this requirement.
13. Landscape and maintain all unimproved right-of-way adjacent to this site. All landscaping and private improvements installed with this project shall be situated and maintained so as to not create sight visibility obstructions for vehicular traffic at all development access drives and abutting street intersections.
14. Submit a License Agreement for landscaping and private improvements in the adjacent public rights-of-way, if any, prior to the issuance of permits for these improvements. The applicant must carry an insurance policy for the term of the License Agreement and add the City of Las Vegas as an additionally insured entity on this insurance policy. If requested by the City, the applicant shall remove property within the public right-of-way at the applicant's expense pursuant to the terms of the City's License Agreement. The installation and maintenance of all private improvements in the public right-of-way shall be the responsibility of the applicant and any successors in interest to the property and assigns pursuant to the terms of the License Agreement. Coordinate all requirements for the License Agreement with the Land Development Section of the Department of Building and Safety (702-229-4836).

**** STAFF REPORT ****

PROJECT DESCRIPTION

This is a Rezoning request from C-1 (Limited Commercial) to C-M (Commercial/Industrial) and a Site Development Plan Review request for a proposed 48,787 square-foot towing & impound yard development on 1.12 acres at the northeast corner of Bonanza Road and Dike Lane.

ISSUES

- A Rezoning is requested from C-1 (Limited Commercial) to C-M (Commercial/Industrial). Staff supports this request.
- A Waiver is requested to allow no landscape buffer along the east property line where five feet is required. Staff supports this request.
- An Exception is requested to allow no parking lot landscaping islands where five are required. Staff supports this request.

ANALYSIS

The subject 1.12-acre site is currently zoned as C-1 (Limited Commercial) with a TOD-2 (Transit Oriented Development – Low) Land Use Designation. The subject site is a combination of three parcels that is located on the northeast corner of Bonanza Road and Dike Lane. The subject site is surrounded by a storage yard zoned C-M (Commercial/Industrial) to the east, a residential development zoned R-PD16 (Residential Planned Development – 16 Units per Acre) and a commercial property zoned C-1 (Limited Commercial) to the north, a treatment facility zoned C-V (Civic) to the east, multifamily apartments zoned R-PD46 (Residential Planned Development – 46 Units per Acre) and a shopping center zoned C-2 (General Commercial) to the south. The applicant proposes to rezone the subject sites to C-M (Commercial/Industrial) and develop the sites with a towing & impound yard that will accommodate 24 parking spaces for trucks.

Staff Report Page Two
September 21, 2022 - City Council Meeting

Rezoning

The subject site is currently zoned C-1 (Limited Commercial) and the applicant is proposing to rezone the subject site from C-1 (Limited Commercial) to C-M (Commercial/Industrial) to allow a Towing & Impound Yard use. The Towing & Impound Yard use is permitted conditionally in the C-M (Commercial/Industrial) zoning district.

The Conditional Use Regulations for the Towing & Impound land use are:

1. All areas used for the parking and storage of operable vehicles shall be paved.

The proposed Towing & Impound Yard will have all parking and storage of operable vehicles on a paved surface.

2. All stored, damaged, or wrecked vehicles, parts and equipment shall be effectively screened so not to be visible from adjoining properties or public rights-of-way.
All stored, damaged, or wrecked vehicles, parts and equipment is shall be screened by new, eight-foot decorative screening walls adjacent to Bonanza Road and Dike Lane and screened from residential properties to the north and a storage yard to the east.

The proposed C-M (Commercial/Industrial) zoning district functions to provide a variety of compatible business, warehouse, wholesale, office and limited industrial uses. This district is intended to be located away from areas of low and medium density residential development. The C-M district is consistent with the TOD-2 (Transit Oriented Development – Low) Land Use Designation.

While there is a low to medium density residential parcel located to the north of the subject site, the character of this area of the city is primarily industrial in nature as the parcel to the east of the subject site is zoned C-M (Commercial/Industrial). There are multiple parcels in the surrounding area that also hold the C-M (Commercial/Industrial zoning designation which further contributes to the industrial character of this segment of the Bonanza corridor.

Staff finds that the proposed rezoning request would allow a land use that is compatible with neighboring land uses; therefore, staff recommends approval of the requested Rezoning.

Staff Report Page Three
September 21, 2022 - City Council Meeting

Site Development Plan Review

The subject site is currently undeveloped and zoned C-1 (Limited Commercial) where it is subject to Title 19 development standards. If the rezoning were to be approved, the Towing and Impound Yard use would comprise of an approximately 48,787 square-foot parking lot with no structure on the subject site. Per the submitted Site Plan, date stamped 05/19/22, the proposed Towing and Impound Yard would provide 12 parking spaces for employees which includes one ADA van accessible parking space and 24 parking spaces for tow trucks. The proposed development per Title 19.18.030 (3)(b) satisfies parking requirements as parking spaces used exclusively for buses, trucks, other delivery vehicles, law enforcement vehicles, or other vehicular impound are not required to be counted in calculating the number of required handicapped parking spaces as the provided handicapped stall provides passenger loading zones that comply with Section 503 of the ADA Standards for Accessible Design.

A Towing and Impound Yard use is defined in Title 19.12 as: “A lot or building for the storage of damaged, wrecked or impounded motor vehicles for a limited period of time, usually having awaiting insurance adjustment, transport to a repair shop, or recovery by the owner or operator.”

As part of this development, the applicant will construct a decorative screen wall that will run along the property line adjacent to Bonanza Road and along the property line adjacent to Dike Lane. These walls, while providing contrasting material, will also provide adequate screening of the Tow Yard as the proposed screen walls will be eight feet tall. These new additions comply with the C-M (Commercial/Industrial) standards for perimeter walls. The applicant has also stated that the existing walls on the north and east are to remain which also provide adequate screening from the proposed development.

Landscape plans, date stamped, 05/19/22 depict landscape buffers adjacent to Bonanza Road, Dike Lane, and the north property line that meet Title 19 landscape buffer and planting requirements. However, the applicant has requested a Waiver to provide no landscape buffer along the entirety of the east property line. The submitted justification letter states that the Waiver request is a result of an encroachment by the east adjacent parcel. Staff supports this request.

The applicant has also requested an Exception to allow no parking lot landscaping where such is required. The applicant has stated that the proposed parking lot is not open to the public and used exclusively for tow trucks and stored vehicles. Staff finds the requested Exception will have minimal impact on surrounding development and will not detract from the proposed development meeting Title 19 development standards and therefore supports this request.

Staff Report Page Four
September 21, 2022 - City Council Meeting

Staff finds the requested Waiver and Exception will have minimal impact on surrounding development and satisfies the conditions for determination of approval. The proposed development is compatible with the adjacent and neighboring land use designations and zoning districts and meets the intent of the Las Vegas Redevelopment Plan – Area 1 by eliminating and preventing the spread of blight and deterioration in accordance with the Master Plan, the Redevelopment Plan and local codes and ordinances; therefore staff recommends approval of the requested Site Development Plan Review, subject to conditions.

FINDINGS (22-0272-ZON1)

In order to approve a Rezoning application, pursuant to Title 19.16.090(L), the Planning Commission or City Council must affirm the following:

1. The proposal conforms to the General Plan.

If approved, the proposed C-M zoning district would conform to the existing TOD-2 (Transit Oriented Development – Low) Land Use Designation.

2. The uses which would be allowed on the subject property by approving the rezoning will be compatible with the surrounding land uses and zoning districts.

Land uses which would be allowed on the subject property by approving the rezoning will be compatible with the surrounding land uses and zoning districts.

3. Growth and development factors in the community indicate the need for or appropriateness of the rezoning.

Rezoning to C-M (Commercial/Industrial) on the subject parcels would allow for development that is appropriate for this segment of the Bonanza Road corridor.

4. Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed zoning district.

The subject site is accessed from Bonanza Road, a 100-foot Primary Arterial and Dike Lane, a 56-foot Collector Road as classified by the Master Plan of Streets and Highways Map, Both are adequate in size to service the needs of the proposed zoning district.

FINDINGS (22-0272-SDR1)

In order to approve a Site Development Plan Review application, per Title 19.16.100(E) the Planning Commission and/or City Council must affirm the following:

1. **The proposed development is compatible with adjacent development and development in the area;**

While the proposed Towing & Impound Yard use is adjacent to low to medium density residential properties to the north, the proposed development is compatible with adjacent development and development in the area.

2. **The proposed development is consistent with the General Plan, this Title, and other duly-adopted city plans, policies and standards;**

The proposed development is consistent with the TOD-2 General Plan Designation, Title 19 development standards, and other duly-adopted city plans, policies and standards.

3. **Site access and circulation do not negatively impact adjacent roadways or neighborhood traffic;**

Site access is provided from Dike Lane, a 56-foot Collector Road and Bonanza Road, a 100-foot Primary Arterial as designated by the Master Plan of Streets and Highways. These streets are sufficient in size to accommodate the needs of the proposed use.

4. **Building and landscape materials are appropriate for the area and for the City;**

No new buildings are proposed as part of the development. The primary tree species provided throughout the development will be 24-inch box "Willow Acacia" and existing "Mondale Pine" with 5-gallon "Red Yucca" and "Texas Ranger" shrubs, which are consistent with the Southern Nevada Regional Planting List.

5. **Building elevations, design characteristics and other architectural and aesthetic features are not unsightly, undesirable, or obnoxious in appearance; create an orderly and aesthetically pleasing environment; and are harmonious and compatible with development in the area;**

The development of a blighted lot will create and orderly and aesthetically pleasing environment.

Staff Report Page Six
September 21, 2022 - City Council Meeting

6. **Appropriate measures are taken to secure and protect the public health, safety and general welfare.**

Development of the site will be subject to inspections, thereby protecting the health, safety and general welfare of the public.

BACKGROUND INFORMATION

<i>Related Relevant City Actions by Planning, Fire, Bldg., etc.</i>	
07/28/97	The City Council approved a request for a Rezoning (Z-0046-97) on property located at 706 Dike Lane, from R-1 (Single Family Residential) to R-2 (Medium-Low Density Residential). The Planning Commission and staff recommended approval.
07/06/99	The Board of Zoning Adjustment approved a request for a Variance (V-0051-99) on property located at 2230 West Bonanza Road to allow an existing 90-foot high freestanding ground sign where 40 feet is the maximum height allowed in conjunction with an existing restaurant.
10/05/05	The City Council approved a request to amend a portion of the Southeast Sector Plan of the General Plan (GPA-6273) from ML (Medium-Low Density Residential) to SC (Service Commercial) on 0.89 acres adjacent to the east side of Dike Road, approximately 150 feet north of Bonanza Road. The Planning Commission recommended approval, staff recommended denial.
	The City Council approved a request for Rezoning (ZON-6510) from R-1 (Single Family Residential) and R-1 (Single Family Residential) under Resolution of Intent to R-2 (Medium-Low Density Residential) to C-1 (Limited Commercial).
	The City Council approved a request for a Variance (VAR-6506) to allow a zero-foot setback ratio where a 1:1 setback ratio is required along a collector or larger street for a 500-foot tall building in conjunction with a proposed mixed-use development.
	The City Council approved a request for a Special Use Permit (SUP-6504) for a proposed mixed-use development.
	The City Council approved a request for a Special Use Permit (SUP-8067) to allow a proposed 350-foot tall building where 140 feet is the maximum height allowed in the Airport Overlay zone.
	The City Council approved a request for a Petition to Vacate (VAC-7679) the east five feet of a portion of Dike Lane, north of Bonanza Road.

Staff Report Page Seven
September 21, 2022 - City Council Meeting

<i>Related Relevant City Actions by Planning, Fire, Bldg., etc.</i>	
	The City Council approved a request for a Site Development Plan Review (SDR-6507) for a proposed mixed-use development including a 38-story tower containing 311 residential units, a 32-story tower containing 160 residential units and 40,000 square feet of commercial space and waivers for a zero-foot side yard setback where 10 feet is the minimum required, a zero-foot corner side yard setback where 15 feet is the minimum required, a 10-foot rear yard setback where 20 feet is the minimum required, 62 percent lot coverage where 50 feet is the maximum allowed, perimeter buffer landscaping and residential adjacency height and setback requirements.
03/23/06	The Planning Commission approved a request for a Site Development Plan Review (SDR-11707) for a proposed 12-story mixed-use development consisting of 300 residential units and 10,000 square feet of commercial space with waivers to allow a reduction of perimeter landscape requirements and to allow a ten-foot residential adjacency setback where 540 feet is the minimum setback required on 1.88 acres at 2228 and 2230 West Bonanza Road. Staff recommended denial.
04/19/06	The City Council approved a request for a Variance (VAR-11712) to allow 400 parking spaces where 493 parking spaces is the minimum number of parking spaces required for a proposed mixed-use development on 1.88 acres at 2228 and 2230 West Bonanza Road. The Planning Commission recommended approval; staff recommended denial.
	The City Council approved a request for a Variance (VAR-11714) to allow a 6.8-foot rear yard setback where 20 feet is the minimum required, to allow a 2.3-foot side yard setback where 10 feet is the minimum required, to allow a five-foot corner yard setback where 15 feet is the minimum required, to allow a maximum lot coverage of 83.6 percent where 50 percent is the maximum lot coverage allowed, and to allow a reduction of building step-back requirements for a proposed mixed-use development at 2228 and 2230 West Bonanza Road. Staff recommended approval.
05/17/06	The City Council approved a request to change the Future Land Use designation (GPA-9219) to Commercial, Mixed-Use, Industrial, or Public Facilities on various parcels located within the proposed Las Vegas Redevelopment Plan area and within the proposed Redevelopment Plan expansion area. The Planning Commission and staff recommended approval.
