**** STAFF REPORT ****

PROJECT DESCRIPTION

The applicant is requesting Extensions of Time for entitlements related to a 16,870 square-foot Church/House of Worship development at 2400 N Michael Way.

ISSUES

- This is the first Extension of Time request for Special Use Permit (20-0071-SUP1) and Site Development Plan Review (20-0071-SDR1).

ANALYSIS

The applicant is requesting Extensions of Time for the following entitlements, originally approved October 21, 2020:

- A Special Use Permit (20-0071-SUP1) for a proposed Church/House of Worship use.
- A Site Development Plan Review (20-0071-SDR1) for a proposed 16,870 square-foot Church/House of Worship development.

The submitted justification letter, date stamped 08/25/22, states that the applicant has experienced delays due to challenges experienced during the Covid-19 pandemic relating to the cost of construction materials. The applicant has also stated that they have made progress on civil and architectural work and raising funds for construction. The applicant has submitted a Building Permit (L22-00263) for minor off-site improvements and utility connections for the church/house of worship.

Pursuant to Title 19.16.140 and Title 19.16.100 a Special Use Permit and Site Development Plan Review are deemed exercised upon the issuance of a building permit for the principle structure on the site. Since no building permits have been issued, an Extension of Time is necessary. If denied, the land entitlements will be expired as of 10/21/22.

FINDINGS (22-0472-EOT1 and EOT2)

While the applicant has not exercised the Special Use Permit or Site Development Plan Review approvals, the applicant has demonstrated the ability to develop the site in a timely manner as a building permit for off-site improvements and utility connections have been submitted for review. Therefore, staff recommends approval of these Extension of

Time requests. If approved, a two-year time limit is recommended for the extensions. If the Extension of Time requests are denied, Special Use Permit (22-0071-SUP1) and Site Development Plan Review (22-0071-SDR1) would expire, effective October 21, 2022.
