

# Justification Letter

**I would like to apply for a variance for the following items in this letter**

## **A. Proposed Structure:**

1. 13x17=221sqft Storage shed.

We plan on using the storage shed to alleviate the main garage from items that we don't use on a regular basis, like my brother in-law stuff since he is currently serving in the U.S. Army stationed in Tacoma Washington at JBLM Base.

## **B. Pre-excysting Structures:**

1. 10x12=120sqft Tuff Shed.

Storage shed that we bought from Tuff Shed years ago after my mom passed away from cancer, I keep the items she had in storage here.

2. 5x9.4=47sqft Dog Shed.

This is an oversized doghouse for my 2 Shepperd mix dogs. I built it this way so I could provide excellent shade during the summer. We also store all the dog food and their automatic water bowl inside, so the birds don't eat it and make a mess in my yard. We keep their kennel cages, along with all their stuff on shelves is in this shed.

3. 6x6=36sqft Garden Shed.

This shed belongs to my aunt Aracely Hernandez its located in the backyard of her Casita where she lives. Shes 80 years old, and the only hobby she has is her gardening.

Thank you for your time and effort, for helping me correct my mistakes...

Sincerely, \_\_\_\_\_
