

“Justification Letter”

22-0659
11/10/2022

To whom it may concern,

I am writing this letter with an apologetic heart and total acknowledgment of my, at fault responsibility.

I'd like to request a Variance for a Block Wall, that was built at the same time, and for the purpose to accommodate the Cabana that I applied for and received a variance for on, (April 12th 2022, 22-056 VAR1)

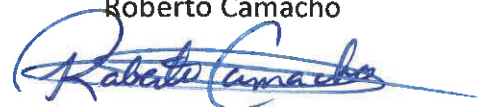

My family and I have been living in my home for over 22 years and have always kept my home in good standing with the City of Las Vegas. Even though the areas around me have started to decay due to the low-income situations/ lack of care from homeowners/ or Homeless activities throughout my area. I have fought day and night to keep my house looking as best I can. I have considered and have taken the responsibility in ensuring my house continues to be a role model home to my community and street I live on by always keeping it clean and always organized.

I removed an area that was causing some homeless activities and discomfort at times and built a family outdoors Cabana and **Block Wall**. I turned an area that used to be an open small curved existing driveway into a new gated patio cabana and block-wall to accommodate existing pool area at my home.

With the thought of beautifying my home, I made improvements not realizing or knowing I needed a permit, and now I come before you in the request and assistance to fix my situation and continue a healthy life in this environment area I live and love and to be in good standing with the city of Las Vegas.

Sincerely,

Roberto Camacho
