

To whom it may concern,

We are attempting to acquire the "Special Use Permit" for the sale of beer and wine beverages inside of an Italian restaurant. Gondola Italian restaurant is located at 450 S. Buffalo Dr #114 and #115 Las Vegas, NV 89145. The special use permit is necessary due to the location of a nearby School/Park down Buffalo Dr, which is 400ft within the restaurant. Gondola Italian Restaurant is currently strictly seeking to obtain a beer and wine license only. There are also 2 other stores located inside the same shopping center that sell alcoholic beverages "All about Catering Las Vegas" and "Larsa Market". Employees of Gondola Italian Restaurant must contain their TAM and Food Handler card. Employees will be properly trained to check valid identification to be able to serve alcohol to those 21 and over. All beer and wine purchases will be consumed inside the restaurant, and none will be sold as packaged goods to take outside of the restaurant. Any person requesting to take a bottle home will have their bottle re-corked and placed in a sealed bag. No one is allowed to walk in or out with an open alcoholic beverage. Appropriate signage will be posted inside and outside of the restaurant regarding the criteria to consume alcoholic beverages in our facility. All beer and wine beverages will be securely stored in an employees only location to maintain safe distance from those underage. All beer and wine will be stored to the exact criteria stated by the city ordinance.

Thank you.
