This project will add approximately 378 trips per day on Centennial Pkwy., Launch Pad Ave. and Alpine Ridge Wy. Currently, Centennial is at about 11 percent of capacity and Alpine Ridge is at about 4 percent of capacity. With this project, Centennial is expected to be at about 12 percent of capacity and Alpine Ridge to be at about 7 percent of capacity. Counts are not available for Launch Pad, but it is believed to be under capacity.

Based on Peak Hour use, this development will add about 40 vehicles in the peak hour, or about two every three minutes.

Note that this report assumes all traffic from this development uses all named streets.
