The Subrecipient understands and acknowledges that in order to sub-subaward grant funding, written permission must be granted by DEM in advance of the sub-subaward. The Subrecipient will comply with the requirements set forth in the government-wide Award Term on Reporting Subawards and Executive Compensation located at 2 C.F.R. Part 170, Appendix A, the full text of which is incorporated here by reference in the terms and conditions of your award.

#### **Article XI – Subrecipient Monitoring**

The Subrecipient agrees to participate in DEM's annual monitoring visits and to follow up and take corrective action on all identified nonconformances and observations with action, which includes, but is not limited to, the submission and implementation of corrective action plans to the DEM.

#### **Article XII – Assignment and Delegation**

The Subrecipient shall neither assign, transfer, nor delegate any rights, obligations, or duties under the Notice of Grant Award without prior approval of the DEM, which includes sub-sub granting funds without prior knowledge or written approval of DEM.

#### **Article XIII – Indemnification and Defense**

To the fullest extent permitted by law, the Subrecipient shall indemnify, hold harmless and defend, not excluding the State's right to participate, the State from and against all liability, claims, actions, damages, losses, and expenses, including, without limitation, reasonable attorneys' fees and costs, arising out of any breach of the obligations of Subrecipient under this Agreement, or any alleged negligent or willful acts or omissions of the Subrecipient, its officers, employees and agents. The Subrecipient's obligation to indemnify the State shall apply in all cases except for claims arising solely from the State's own negligence or willful misconduct. The Subrecipient waives any rights of subrogation against the State. The Subrecipient's duty to defend begins when the State requests defense of any claim arising from this Agreement.

#### Article XIV – Termination

The DEM retains the right to terminate a sub-grant, for cause, at any time before completion of the grant period when it has determined that the Subrecipient has failed to comply with the conditions of these assurances.

- a. The DEM reserves the right to terminate the grant in whole or in part due to the failure of the Subrecipient to comply with any term or condition of the signed and agreed upon assurances, failure to implement audit/monitoring recommendations within the prescribed period of time, failure to communicate with or respond to any State Administrative Agency (SAA) request or communication, to acquire and maintain all required insurance policies, bonds, licenses, permits and certifications or to make satisfactory progress in performing the program, financial and administrative requirements of the grant.
- b. The DEM staff shall provide written notice of the termination and the reasons for such actions to the Subrecipient.
- c. The DEM may, upon termination of the award, procure, on terms and in the manner that it deems appropriate, materials or services to replace those described in the project description of the grant award. The Subrecipient shall be liable to the DEM for any excess costs incurred by the DEM in procuring equivalent materials or services in substitution for materials or services described in the project description of the grant award.

As the duly authorized representative of the Subrecipient for City of Las Vegas, I hereby certify that the Subrecipient will comply with the above assurances and certifications.

# Reobligation Guidelines

## **Purpose**

The purpose of these guidelines is to ensure that the Nevada Commission on Homeland Security (NCHS), State Administrative Authority (SAA) and subgrantees of Homeland Security Grant Programs (HSGP) provide for the best utilization of grant resources when cost savings or cost shortfalls are realized during a grant performance period.

## **1. Performance Period**

Effective with the FFY10 HSGP grant cycle, the performance period for each subgrant will be 24 months to allow for adequate time to obligate HSGP funds as necessary. The SAA may modify performance periods based on the requirements of future grant guidance.

Extensions to the subgrant performance period will be approved by the SAA. The subgrantee must provide a written request for extension to the SAA at least one (1) month prior to the end of the subgrantee performance period. If the grant extension is denied, the grant funds will be deobligated.

## **2. Project Change Requests**

All Project Change Requests must be submitted to the SAA using the approved Project Change Request form. The completed Project Change Request forms must be submitted to the SAA at [DHSGrants@dem.nv.gov](mailto:DHSGrants@dem.nv.gov). (ref Grants Management Guide)

All Project Change Requests will be reviewed by the SAA to ensure that the change(s) requested is compliant with federal grant guidance. Once the SAA makes its determination that the Project Change Request complies with federal grant guidance, the request will be handled as follows:

- A. Project Change Requests Approved by SAA:
  - i. Any request for reobligation of funding within an existing approved budget that does not exceed \$100,000, may be approved by the SAA, if the Project Change Request is clearly within federal grant guidance.
- B. Project Change Requests Approved by NCHS:
  - i. Any request for reobligation of funds that exceeds \$100,000 will be reviewed by the NCHS. The NCHS will provide a recommendation to the Governor for reobligation of funding and notify DEM of the recommendation.

- ii. Any request for the redirect of funds that is inconsistent with the approved Investment Justification, or which is considered a change in scope will be submitted to the NCHS and/or Finance Committee for review. The NCHS and/or Finance Committee will provide a recommendation to the Governor for reobligation of funding and notify DEM of the recommendation.
- iii. Any deobligated funding that exceeds \$100,000 will be submitted to the NCHS for review. The NCHS will provide a recommendation to the Governor for reobligation of funding and notify DEM of the recommendation.

DEM, at their own discretion, may defer to the NCHS and/or the Finance Committee on any Project Change Request subject to DEM approval.

### **3. Request for Additional Grant Funding**

A sub-grantee seeking additional funding (de-obligated funds) must submit the request to the SAA on the approved forms at [DHSGrants@dem.nv.gov](mailto:DHSGrants@dem.nv.gov).

A request for additional funding must include:

- A. A written justification explaining, at a minimum, the following:
  - i. Impact of non-completion of the project in the originally approved budget;
  - ii. Explanation as to why the redirect of funds was not addressed in the original investment or another related investment, if applicable;
  - iii. Benefit to the state's overall capabilities by approving the requested redirect of funds;
  - iv. Anticipated timeline to complete proposed project, inclusive of milestones and anticipated deliverables; and
  - v. Impact of not approving the request to redirect of funds;
- B. A copy of the original budget; and
- C. A copy of a detailed line-item budget demonstrating the subgrantee's intended use of the funds if the redirect of funds is approved.

The SAA will review the request to ensure compliance with federal grant guidance. The SAA will forward a report of compliance to the NCHS.

#### **4. Restrictions**

Reobligation of funds will not be approved by the SAA or the NCHS if the request includes, but is not limited to, any of the following restrictions:

- A. Non-compliance with federal guidance;
- B. Supplanting;
- C. Misappropriation of funds;
- D. Commingling of funds;
- E. Denial by the Department of Homeland Security;
- F. Inability for projects to be completed within the remaining performance period; or
- G. Non-conformance with the goals and priorities of the NCHS.

#### **5. Time Sensitive**

Federal law mandates that unspent federal funds be returned to the federal government at the end of the grant performance period. In the event that unspent funds exist and there is insufficient time in the grant performance period to reconvene the NCHS and Finance Committee, the SAA in its sole discretion, may reobligate grant funding within the scope of the approved Investment Justification.

In the event that the SAA reobligates time sensitive funding, the reobligation of funds will be placed as an informational item on the agenda of the next regularly scheduled meeting of the NCHS

## Environmental Planning and Historic Preservation (EHP) Compliance

As a Federal agency, FEMA is required to consider the effects of its actions on the environment and/or historic properties to ensure that all activities and programs funded by the agency, including grant funded projects, comply with Federal EHP regulations, laws and Executive Orders, as applicable. Recipients and subrecipients proposing projects that have the potential to impact the environment, including, but not limited to, construction of communication towers, modification or renovation of existing buildings, structures and facilities, or new construction including replacement of facilities, must participate in the DHS/FEMA EHP review process. The EHP review process involves the submission of a detailed project description along with supporting documentation, so that FEMA may determine whether the proposed project has the potential to impact environmental resources and/or historic properties. In some cases, DHS/FEMA is also required to consult with other regulatory agencies and the public to complete the review process. The EHP review process must be completed and approved before funds are released to carry out the proposed project; otherwise, DHS/FEMA may not be able to fund the project due to non-compliance with EHP laws, executive orders, regulations, and policies.

Additionally, all recipients are required to comply with DHS/FEMA EHP Policy Guidance. The DHS/FEMA EHP Policy Guidance can be found in FP 108-023-1, Environmental Planning and Historic Preservation Policy Guidance and DHS/FEMA EHP Compliance and Reference Documentation at: <https://www.fema.gov/environmental-planning-and-historic-preservation-compliance>

## Project Change Request

Subgrantee Agency: City of Las Vegas Office of Emergency Management		Change Request #: 1
Address: 7551 Sauer Drive Las Vegas NV 89128		Funding Year: FFY19
PROJECT NAME: FFY19 UASI Reob Radio purchase		Grant Fund Stream: UASI
Project Manager: Carolyn Levering	Phone: 702-229-0313	Funding Job #: 97067.19-3100
Fiscal Agent: Marcy Skiba	Phone: 702-229-6900	

### CHANGE REQUESTED

The following change, amendment, or adjustment to the above subgrant, is requested (check one or more):

Project Period Extension ☐

Change in Scope of Work ☒

Budget Revision ☐

Note: The subgrantee must provide a written explanation of what the requested changes are, and why any shift (increase or decrease) of funds among categories is necessary.

Briefly describe the nature and reason for the change request:

Despite significant efforts to procure and receive requested radios by July 31 deadline, Las Vegas Fire and Rescue was advised a wait-time of 22 weeks for this proprietary equipment. As a result, LVFR requests a change in scope of work. In a previous FFY19 award to LVFR, the project "CBRNE Mobility" provided 2 UTV's for the Hazardous Materials response team. This request is to make a similar investment of 1 UTV for the department's Bomb Squad. The Bomb Squad does not have a 6-passenger UTV, this will enhance their response capability. City-contracted vendors confirmed the availability of standing inventory ready for immediate delivery upon approval of this PCR. This will convert the current DHS AEL # from 06CP-01-MOBL to # 12VE-00-MISS. Total funds required for the vehicle and upfit equipment (less installation, which cannot be completed by July 31), is \$38,562.99. The remaining balance of \$6,081.58 will be deobligated.
