**FISCAL IMPACT:**

None

**PURPOSE/BACKGROUND:**

On November 7, 2007, the Las Vegas City Council (City Council) approved an agreement that created the Las Vegas Valley Watershed Advisory Committee (LVVWAC) with the purpose of managing the valley's watershed, water quality and resources of the region. At the time, the LVVWAC member agencies consisted of the cities of Las Vegas, Henderson and North Las Vegas, Clark County, Clark County Regional Flood Control District, Clark County Water Reclamation District, Las Vegas Valley Water District, Southern Nevada Water Authority and the Clean Water Coalition. On September 5, 2012, the City Council approved the first amendment to the agreement to reflect the removal of the Clean Water Coalition as a member agency. The amended and restated agreement provides updates for the implementation of the Las Vegas Wash Long-Term Operating Plan (LTOP), since the Las Vegas Wash Capital Improvements Plan (Wash CIP) has concluded. The LTOP will establish a budget on an annual basis to address the operations and maintenance activities needed to safeguard assets constructed by the Wash CIP. The agreement will continue to provide a forum among member agencies to develop a cohesive direction and an integrated approach to addressing water quality issues in the Las Vegas Valley and Lake Mead.
