PURPOSE/BACKGROUND:

NRS Chapters 616A to 616D are known as the Nevada Industrial Insurance Act. The terms, condition and provisions of that Act are conclusive, compulsory and obligatory upon both employers and employees coming within the provisions of that act. In part, that act ensures payment of compensation to employees who are injured or disabled on account of an injury by accident sustained, arising out of, and in the course of, employment. Mr. George Cooper, who was employed by the City of Las Vegas, was significantly injured or disabled as the result of an industrial accident. His industrial claim was recently resolved by way of stipulation and order of the Nevada Department of Administration, including, but not limited to, a permanent partial disability award to be made in a lump sum amount rather than on an installment basis. The total amount of the Stipulation and Order is \$600,491.93 and will be paid out of the City Workers Compensation Self-Insured Trust Fund.
